The classes are limited to 25 seats per class and are open to all regional partners, but priority will be given to Washington County stakeholders.

The instructor will notify students upon acceptance into the class no less than two weeks prior to the start date of the class.

COURSE DESCRIPTION

This two-day course provides training for personnel who require advanced application of the Incident Command System (ICS). It covers topics such as the National Incident Management System (NIMS), initial response activities, roles and responsibilities, staffing, command direction, and more!

COURSE PREREQUISITES

All classes require a **FEMA SID** and the following courses to be completed:

- **FEMA IS-100.c**
- **FEMA IS-200.c**
- **FEMA IS-700.b**
- **FEMA IS-800.d**

*All applicants are required to submit proof of their prerequisites upon registration.
