

Oregon Natural Hazards Mitigation Plan Update and Risk Assessment Upgrade

Report to the Interagency Hazards Mitigation Team
October 17, 2024

Oregon NHMP Update Meetings: Dates and Topics

November

- **Fridays**, 11/08, 11/15, 11/22
1-3 pm

December

- **Tuesdays**, 12/10, 12/17
10 am-12 pm
- **Thursday**, 12/19
1-3 pm
- **Fridays**, 12/6, 12/13, 12/20
1-3 pm

January

- **Tuesdays**, 1/7, 1/14
10 am – 12 pm
- **Fridays**, 12/10, 12/17
1-3 pm

Topics:

- Goals: Review and Revise
- Mitigation Actions: Select and Prioritize
- Capability Assessment: Review
- Criteria for Jurisdictions to Receive Grant Funding: Decide and Prioritize
- Implementation Strategy: Establish

Risk Assessment Upgrade – Phase I

October 1:

- presented progress at in-person and virtual meeting
- adjusted a couple of model inputs as a result

Next Steps:

- DOGAMI and DLCD finalizing inputs into model (indicators of vulnerability)
- DLCD working with OCCRI to develop climate change hazard variables
- Targeting next run for December (without climate change)
- Climate change run targeted for February

Risk Assessment Upgrade – Phase I

Results will be used to develop NHMP mitigation actions by:

- Examining hazard conditions high ranking geographic areas
- Identifying drivers of vulnerability in those areas
- Identifying potential mitigation actions
- Identifying state owned/operated building and critical facilities located in high-ranking areas

Risk Assessment Upgrade – Phase II

- Refine model and indicator set
- Publish public facing tool for use by local governments, Tribes, special districts, and others

Risk Assessment Upgrade
