

# OREGON DEPARTMENT OF EMERGENCY MANAGEMENT

## Preparedness Plan Update EPAC

# Preparedness Plan

---

- Volume II of the Comprehensive Emergency Management Plan
- Developed 2018
- Plan provides requirements and guidance for each step of the emergency preparedness cycle.
- Based on past versions of OEM strategic plan, CEMPs, and local operations, hazard, and public health plans.

# Preparedness Plan Update

---

## Objectives

- Ensure the Preparedness Plan aligns with Oregon's needs and objectives, federal mission areas, planning guidance and best practices.
- Gather whole community input to better identify priorities and gaps outlined in the Preparedness Plan.

## Review and update

- Improve plan format to better create a prevention and protection framework
- Aligning with lifelines and Statewide integrated preparedness planning process
- Collaboration across mission areas
- Current state and the national priorities as outlined in the National Preparedness Goal
- OEM's core values and guiding principles

## EPAC Role

---

Would you be the official approving body for the Preparedness Plan?

- Workgroup created within OERS council to provide the body of the work to update the plan.
- EPAC provide final plan recommendation to the Governor.

# Questions?
