About this directory

Contained in these pages is a compilation of information to better equip Oregon's communities in making appropriate referrals to agencies that provide substance use disorders treatment services[1].

To continue to provide updated, quality, referral resources, and since all listings gradually become outdated, we would appreciate you notifying us immediately of any changes relevant to the information contained herein.

Please complete the form on the following page when notifying this office of a change of information.

It is our hope that this Oregon Substance Use Disorders Services Directory will promote a continuum of quality resources available throughout Oregon.

These programs prescribe FDA-approved medications, such as methadone or buprenorphine, and combine them with substance use counseling to support recovery.

To request a DUII Treatment Completion Certificate (DTTC), please submit a completed DTTC Certificate Request form, located here. For additional information or inquiries, email DTTC.Orders@odhs.oregon.gov

[1] For information about substance use disorders prevention programs, please call Public Health at 971-673-0519 or email them at health.webmaster@state.or.us.

Please note:

***** Providers with multiple locations may not provide all the services listed at each location. Please contact the provider directly to confirm which services are offered at your preferred location.

§ This symbol indicates that the provider is an IDPF-Funded agency and may have funding available to cover the costs associated with court-ordered treatment services as the result of a DUII or MIP for uninsured or underinsured, low-income Oregonians. Eligibility restrictions apply. Please contact the provider directly to find out if you may qualify.

☑ This symbol identifies the Community Mental Health Program (CMHP). CMHPs are state-designated agencies responsible for delivering publicly funded behavioral health services in their counties. They offer a range of mental health and substance use disorder services, including crisis response, care coordination, and treatment for individuals with complex needs.

🎗 This symbol identifies an Opioid Treatment Program (OTP). OTPs are state-licensed and federally regulated programs that provide medication-assisted treatment (MAT) for individuals with opioid use disorder.
