

SOCAC acknowledges the harm and systemic oppression of historically marginalized groups at the hands of Oregon's governmental institutions and system partners.

These systems include education, child welfare, criminal justice, health and disability services, and other systems where an overrepresentation of marginalized populations exists.

Of particular concern are Black and brown families of historically marginalized communities, LGBTQ+ youth, and Tribal children and families.

Listen actively. Respect others when they speak; avoid interrupting.

Avoid acronyms. Use the Chat to write definitions or ask for clarification

Varied and opposing ideas are welcome. Challenge ideas, not people.

Honor those with quieter voices. Lean in or lean back.

Use the names and pronouns people introduce themselves with.

Focus on our purpose: Improving the System of Care for Oregon

Be mindful of the power dynamics in the room.

Propose solutions.

Consider & elevate voices not in the room. Intentionally include and advocate for perspectives that may be missing.

Support diverse experiences and ensure decision-making reflects a wide range of lived experience.
