### **Purpose of the Rules Advisory Committee (RAC)**

The Oregon Health Authority is updating its rules for Health Care Interpreters (HCI) and the HCI Registry as a result of changes made by the 2021 Legislature through HB 2359 and recommendations by the Oregon Council on Health Care Interpreters. These proposed changes include updating definitions, making the use of qualified or certified interpreters mandatory, with limited exceptions, for health care providers who are reimbursed with public funds, updating training and renewal requirements, and removing registry application and renewal fees.

#	Time	Topic	Content
