

PFST Release Notes

Version 2.9.0: November 2024

Feature Updates

- New questions, answer options, and open text options added to survey in the Race and Ethnicity, Functional Difficulties, and Patient Information pages.
- Sexual Orientation and Gender Identity survey page with age skip logic for specific questions added.
- Addition of translation disclaimer on landing page, other updates to text across instruction and submission pages.
- Update to Oregon Health Authority logo across all pages.

Resolved Issues

- Fixed glitch so that user choice selection saves and displays correctly as user navigates back and forward through form.

Security Updates

- System aligned with Office of Information Services Managed File Transfer (MFT) policy.
