

APAC Data Submission Schedule starting January 2026

1. Submissions are due on or before the dates listed below.
2. If a submitted file contains errors, OHA rule allows for a 14-day correction period to work with the APAC data vendor, HSRI, to resolve the issues. If the errors cannot be corrected within this 14-day period, the mandatory reporter must request an exemption from the validation rule or an extension to avoid a civil penalty.
3. APAC reporting is a legal requirement and is predictable in both content and timing. As such, insufficient resources will not be an acceptable excuse for failing to comply with this reporting obligation.
4. Mandatory reporters who have not submitted correct data and who have not been granted an exemption or extension within 14 calendar days of the initial submission will be considered non-compliant. OHA may impose civil penalties as specified in OAR 409-025-0150.
