

# CCO MEASURES MATRIX

The table below indicates measures tracked and publicly reported at the CCO level by the Metrics Program within OHA's Office of Health Analytics.

**Incentive** measures are selected by the Metrics & Scoring Committee annually; CCOs can earn quality pool dollars based on performance on these metrics. **State Quality** measures are outlined in Oregon's 1115 waiver; OHA is accountable to report these metrics to the Centers for Medicaid & Medicare Services. State quality measures marked "new" are new to the 2017-2022 waiver and were reported for the first time in 2019; all other state quality measures have been previously reported as part of Oregon's 2012-2017 waiver. Finally, OHA reports *select* **CMS Core** measures, which promote alignment of measure use and collection across payers in both the public and private sectors.

	2020 CCO Incentive	2019 CCO Incentive	Former (2013-18) Incentive	State Quality (waiver)	2019 Reported CMS Core <sup>1</sup>	Measure name
	X		X	X		Adolescent well-care visits
			X	X		All-cause readmissions
			X			Ambulatory care: Avoidable emergency department utilization
	X		X	X		Ambulatory care: Emergency department utilization
						Ambulatory care: Outpatient utilization
			new			Any dental service
X	X		X			Assessments for children in DHS custody
	X		X	X		CAHPS: Access to care (getting care quickly composite)
			new	X		CAHPS: Access to dental care
			new	X		CAHPS: Getting needed care composite
			X	X		CAHPS: Health status
			new	X		CAHPS: How well doctors communicate composite
			X	X		CAHPS: Medical assistance with smoking and tobacco use cessation
			new	X		CAHPS: Overall ratings
		X	X	X		CAHPS: Satisfaction with care (customer care service composite)
				X		Cervical cancer screening
			X	X		Child and adolescent access to primary care providers
X	X		X	X		Childhood immunization status
				X		Chlamydia screening
X	X					Cigarette smoking prevalence (EHR)
	X		X			Colorectal cancer screening
X	X		X	X		Comprehensive diabetes care: HbA1c poor control (EHR)
			X	X		Comprehensive diabetes care: HbA1c testing
	X		X	X		Controlling high blood pressure (EHR)
	X		X	X		Dental sealants on permanent molars for children
X	X		X	X		Depression screening and follow-up plan (EHR)
	X		X	X		Developmental screening in the first 36 months of life
X	X					Disparity measure: ED utilization among members with mental illness
X	X					Drug or alcohol misuse screening (SBIRT) (EHR)
		X		X		Early elective delivery
	X		X			Effective contraceptive use among women at risk of unintended pregnancy
			new			Follow-up after ED visit for mental illness
			new			Follow-up after ED visit for non-traumatic dental reasons
		X	X	X		Follow-up after hospitalization for mental illness
		X		X		Follow-up care for children prescribed ADHD medication
X			X	X		Immunization for adolescents
X				X		Initiation and engagement of alcohol or other drug treatment
				X		Low birth weight
X	X					Oral evaluation for adults with diabetes
	X		X			Patient-centered primary care home (PCPCH) enrollment
			X	X		PQI 01: Diabetes short-term complication admission rate
			X	X		PQI 05: COPD or asthma in older adults admission rate
			X	X		PQI 08: Congestive heart failure admission rate
			X	X		PQI 15: Asthma in younger adults admission rate
X	X		X	X		Prenatal and postpartum care: Postpartum care
			X	X		Prenatal and postpartum care: Timeliness of prenatal care
X						Preventive dental visits, ages 1-5 (kindergarten readiness) & 6-14
			new			Topical fluoride varnish
	X			X		Weight assessment, nutrition and activity counseling for children/adolescents (EHR)
				X		Well-child visits in the first 15 months of life
X				X		Well-child visits in the 3rd, 4th, 5th, and 6th years of life
