

Assessments for Children in DHS Custody

Measure Basic Information

Name and date of specifications used: OHA developed these specifications based on requirements for physical, mental, and dental health assessments for children who enter DHS custody.

URL of Specifications: N/A

Measure Type:

HEDIS PQI Survey Other Specify: OHA-developed

Measure Utility:

CCO Incentive State Quality CMS Adult Core Set CMS Child Core Set Other Specify:

Data Source: MMIS/DSSURS and OR-KIDS

Measurement Period: Cases with First Notification Date November 1, 2022 – October 31, 2023

Note the cut-off date of notification is on October 31st so the health assessment period can occur by the end of the year.

2013 - 2023 Benchmark¹: 90%; from Metrics & Scoring Committee consensus

2023 Improvement Targets: Minnesota method with 2 percentage point floor.

Note on telehealth: This measure is telehealth eligible as the qualifying numerator services do not require in-person place of service codes in claims data. For further information specific to Oregon, the Health Evidence Review Commission (HERC) has provided this [guideline](#) on telehealth services.

Changes in specifications from MY2022 to MY2023: None.

Member type: CCO A CCO B CCO G

Specify claims used in the calculation:

| DHS | Only use claims from matching CCO | Denied claims included |
|---|--|------------------------|
| Numerator in 60-day assessment period | Y | Y |
| Numerator in 30-day lookback period, or when the enrollment with the notified CCO has not started | N (all MMIS/DSSURS claims for the member are used, regardless of Open Card claims, or from other CCOs) | Y |

¹ Because of disruptions caused by the COVID-19 pandemic, the Metrics & Scoring Committee decided at its July 17, 2020, meeting to make all 2020 CCO incentive measures reporting only.

Measure Details

Data elements required denominator: Identified children/adolescents 0 – 17 years of age as of the first date of DHS/OHA notification and remained in custody for at least 60 days. Only children/adolescents that DHS/OHA notified CCOs about will be included in the denominator. Include cases notified from November 1 of the year prior to the measurement year, to October 31 of the measurement year.

Whether a child ‘remained in custody’ is determined by Child Welfare discharge date or transfer of custody (such as OYA) in the OR-Kids data. If a CCO received information from DHS for change of custody, the CCO should preserve communication records; OHA will review these records and determine exclusions from the metric on a case-by-case basis.

Note: OHA and DHS launched a new weekly notification data layout on January 13, 2021 which included the key improvements:

- An ‘Episode Start Date’ (also known as the Foster Care Entry date, or DHS Custody Entry Date) is provided in the notification file for the CCO to determine whether a new round of assessments is needed.
- Notified cases stay in the weekly files for 90 days so the CCO can receive updates on placement status changes through the assessment period.
- A ‘First Notification Date’ remains constant with the unique episode throughout the time the case stays in the report and there is a ‘count of days with CCO’ which helps the CCO to keep track of the assessment completion timeline.

See Appendix for full detail of data fields in the new weekly notification file.

OHA continues to use the CCO notification files as the main source for identifying denominator cases for the measure. The 834 enrollment files can provide supplemental information on changes in eligibility and enrollment for all children in DHS custody within a CCO, but they are not the main source for identifying new cases that require assessments.

Required exclusions for denominator:

Children will be automatically excluded from the final measure denominator for the following reasons:

- The CCO did not receive notification from OHA on the child, even if the CCO was informed by DHS or another source when the child entered DHS custody/ substitute care.
- The child did not enroll with the CCO or did not meet the continuous enrollment criteria. See detail in the continuous enrollment and allowable gap sections.
- The child entered DHS custody/substitute care more than 30 days prior to OHA notification, i.e., a case is excluded if the ‘First Notification Date’ to the CCO is more than 30 days after the Episode Start Date in the new weekly notification file.
- If a CCO is notified more than once for the same case of a child entering DHS custody (same Episode Start Date for a child on more than one weekly notification file), only the ‘First Notification Date’ documented in the weekly file is used, and the continuous enrollment and numerator assessment periods are calculated based on this date. Any other CCO notification

dates for the same child and DHS custody entry are excluded. If the 'First Notification Date' to a CCO for a unique case is more than 30 days after the Episode Start Date, the case is excluded.

- The child's custody with DHS is ended or transferred to Oregon Youth Authority (OYA) during the 60 days following CCO notification.
- The child is in Run-Away status during the 60 days following CCO notification are identified from OR-Kids and excluded. The child is still in DHS custody, but they are usually dis-enrolled from the CCO and entered into Fee for Service / Open Card until their next placement (and thus can also be excluded based on continuous enrollment criteria).

Children may be excluded from the final measure denominator for the following reasons, with OHA review of supporting evidence:

- A child placed in a rehabilitation, residential treatment facility or in OYA detention is not an automatic exclusion, unless the placement is out of the service area for the CCO, or the local DHS instructed the CCO to not follow up with the case. The CCO needs to preserve communication records for OHA review and determination.

Required exceptions for denominator: Among children in the denominator who did not complete all required assessments in the appropriate window, exclude those in the following scenarios:

- Children with a delayed start of enrollment, i.e., the child's enrollment with the CCO (for CCOA coverage) does not start when the CCO is notified for up to 7 days (see Continuous Enrollment and Allowable Gap sections for more detail).
- Children who were already in 'Trial Reunification' when the case was notified to the CCO, or changed their status to 'Trial Reunification' anytime within the 60-day assessment period as indicated in OR-Kids data.

Continuous enrollment criteria:

- All cases must remain in DHS custody for at least 60 days from the OHA notification date.
- All cases continuously enrolled with the notified CCO (for CCOA coverage) from the date of notification through 60 days after with no gaps in coverage, are included in the measure.
- Cases with delayed start of enrollment to the notified CCO for up to 7 days are included only if they are also numerator compliant (the CCO would receive credit on the metric). This means cases with delayed start of enrollment which did not complete all the required assessments are excluded.

Allowable gaps in enrollment: None. Note, there is an allowable delayed start of enrollment for up to 7 days if the case is also numerator compliant (see continuous enrollment section above), but there are no allowable gaps once the enrollment to the notified CCO has started.

Anchor Date (if applicable): None

Data elements required numerator: Depending on age at CCO notification date, members in the denominator are required to receive a physical health assessment (all ages 0-17), a dental health

assessment (age 1-17), and a mental health assessment (age 4-17), within 60 days of the notification date, or within 30 days prior to the notification date.

| Age on CCO Notification Date | Required assessments for children entering DHS custody | | |
|------------------------------|--|--------|--------|
| | Physical | Dental | Mental |
| Less than 12 months old | YES | NO | NO |
| 1 to 3 years old | YES | YES | NO |
| 4 to 17 years old | YES | YES | YES |

Qualifying health assessments are identified by one of the following procedure codes:

Physical health assessment codes:

- Outpatient and office evaluation and management codes: 99201 - 99205, 99212 – 99215
- Preventative visits: 99381 – 99384, 99391 – 99394
- Annual wellness visits: G0438, G0439
- If physical health assessments as indicated in these new patient E&M codes CPT 99201-99205 include qualifying mental health or child abuse/neglect diagnosis on the same claim (see code table below), they will count as both mental and physical health assessments. This is to reflect assessments provided by a psychiatric (nurse or physician) provider, but OHA does not apply a check of provider specialty in the calculation. Qualifying diagnosis codes include²:

| Visits with CPT 99201 – 99205 can count as both physical and mental health assessments if paired with following diagnosis codes: | |
|--|--|
| Source | ICD-10CM Diagnosis (All diagnosis fields apply) |
| Mental Health Diagnosis Value Set | F03, F20 – F53, F59 – F69, F80 – F99 (total of 291 codes) |
| Diagnosis related to child abuse or neglect | T74.02xA, T74.02xD, T74.12xA, T74.12xD, T74.22xA, T74.32xA, T74.32xD, T74.22xD, T76.02xA, T76.02xD, T76.12xA, T76.12xD, T76.22xA, T76.22xD, T76.32xA, T76.32xD, T76.92xA, T76.92xD |

- Psychological assessment and intervention codes: 90791, 90792, 96130, 96131, 96136, 96137, 96138, 96139, H0031, H1011
- Mental health assessment, by non-physician with CANS assessment: H2000-TG (modifier must be included)

² Qualifying diagnosis codes are based on the OHA Health Analytics Behavioral Health team review with Oregon’s Prioritized List and additional codes that may be picked up in deferred diagnosis situations.

- Behavioral health; long-term residential (non-medical, non-acute care in a residential treatment program where stay is typically longer than 30 days): H0019³
- Psychiatric health facility service, per diem: H2013
- Community psychiatric supportive treatment program, per diem: H0037

Dental health assessment codes:

- Dental diagnostic codes (clinical oral evaluations): D0100-D0199

Required exclusions for numerator: N/A

For more information: The guidance document for this measure is available online at <https://www.oregon.gov/oha/HPA/ANALYTICS/Pages/CCO-Metrics.aspx>

³ Use of this code counts as both mental and physical health assessment for children in PRTS.
