

Joint ELC/OHPB Child and Family Well-being Measurement Workgroup

Date Approved:

AUTHORITY

HB 2009 established the Oregon Health Policy Board (OHPB), a nine-member board appointed by the Governor and confirmed by the Senate. The Board serves as the policy-making and oversight body for the Oregon Health Authority (OHA) and is responsible for implementing the health policy reform provisions of HB 2009. Since the Board's establishment, the passage of HB 3650 (2011) and HB 1580 (2012) have provided the framework for transitioning to an integrated and coordinated health care delivery system through Coordinated Care Organizations (CCOs).

SB 909 (2011) established the Oregon Education Investment Board (OEIB) and the Early Learning Council (ELC), a nine-member Governor-appointed committee. The Council is responsible for assisting the OEIB in overseeing a unified system of early learning services for the purpose of ensuring that children enter school ready to learn by kindergarten. HB 4165 (2012) expanded the Early Learning Council to serve as the state advisory council for the purpose of the federal Head Start Act. To fulfill this role, the Council was expanded to nineteen members. HB (2013) directs the Early Learning Council to establish up to 16 Early Learning Hubs over the biennium to serve as early learning and family resource coordinating entities.

In December, 2012, the Oregon Health Policy Board and Early Learning Council convened a Joint ELC/OHPB Subcommittee ("Joint Subcommittee") to ensure alignment and/or integration between health care and early learning system transformation, including representation from the Department of Human Services. The Joint Subcommittee's proposal, *Towards Collective Impact*, was adopted by the Oregon Health Policy Board and Early Learning Council in September, 2013. The proposal includes the establishment of a "technical advisory committee" (the Workgroup) to support implementation of a shared measurement system and associated incentives.
