

Health Care Workforce Reporting Program Data

Instructions for Ordering Health Care Workforce Reporting Program Data

The Health Care Workforce Reporting Program (HWRP) at OHA makes de-identified public use health care workforce datasets available for a variety of purposes including research, program evaluation, or other activities that support OHA's mission.

Data files are available in comma-delimited format, accompanied by documentation. Please email wkfc.admin@state.or.us to obtain the current list of available datasets or to inquire about obtaining older data sets.

Public use datasets

To obtain public use datasets please do the following:

1. Email wkfc.admin@state.or.us to obtain the current list of available datasets and the health care workforce data layout to ensure the variables are sufficient for your needs.
2. Please review our [FAQ document](#).
3. Download and complete forms [HWRP-D1](#) and [HWRP-D3](#). In order to submit your information, download the forms to your desktop. Do not complete this form while you are on the web, the data will not be saved. Once completed and signed, mail the forms to the address below or e-mail them to wkfc.admin@state.or.us.
4. Once data request has been approved, you will be notified and the request will be reviewed for approval.
5. After the request has been approved, the data order will be sent out via secure e-mail or FTP, depending on the size of the file.

Note: Public use health datasets will not contain any personal identifiers (e.g. name, date of birth, license number or street level address). Practice city and zip code are included.
