

Please fill out each excel page tab in sequence, beginning with Step 2 and working through each worksheet. Values inputted will then populate on the final CBR Summary form tab. Instructions on how to complete the steps will be included with each tab.

Please review the final CBR Summary tab for accuracy before submitting data to OHA.

In addition to completing this form, please remember to submit:

- The most recent version of your hospital's community needs assessment, completed in compliance with section 501(r)(3) of the Internal Revenue Service codes.
- A community benefit supplemental narrative answering the following questions
- 1. The year of publication for the current community health needs assessment.
- 2. The top health needs identified in the hospital's most recent community health needs assessment. Include information on geographies, populations or demographic groups affected.
- 3. The significant community benefit activities the hospital engaged in that addressed the health needs identified above.
- 4. Identify any community benefit activity that addresses the social determinants of health. Separate activities into those that:
  - a. Address individual health-related social needs
  - b. Address systemic issues or root causes of health and health equity

For more information on completing the supplemental narrative, please refer to the community benefit report form instructions.

Submit completed CBR-1 form, CHNA and supplemental narrative to hdd.admin@odhsoha.oregon.gov

# Community Health Improvement Services Community Building Activities Community Benefit Operations

Input data

**Computed Field** 

Community Health Improvement Services are activities that are carried out to improve community health. These services do not generate inpatient or outpatient bills. They may involve a nominal patient fee or sliding scale fee. These activities are based on an identified community need. Eligible expenses include direct and indirect costs, equipment, transportation and employee time as long as the employee is performing the function during their normal working hours. **Count:** School based health programs, wellness classes, general chronic disease management, weight loss and nutrition classes, special event health screenings, transportation support. **Do not count:** classes designed to increase market share, prenatal classes offered to insured patients, customary education as a part of comprehensive care, classes offered to employees as a benefit, health screenings as a part of routine business, programs that refer patients to your facility.

Do not count any grants or other cash distributions that are also claimed as Cash and In Kind contributions.

Community building activities improve the community's health and safety by addressing the root causes of health problems, such as poverty, homelessness and environmental hazards. These are activates that improve overall health, but are not direct health services. These may also be referred to as social determinants of health. Examples include neighborhood improvements and revitalizations, economic development, and community support. **Count:** Neighborhood improvements, public works, lighting, tree planting, graffiti removal, housing rehabilitation, low income housing support, economic development, grants to local businesses, child care services, environmental clean up. **Do not count:** Employee housing costs, construction of medical facilities, business investments, landscape and maintenance of facilities, facility environmental improvements required by law.

Community Benefit Operations are costs associated with conducting community needs assessments, community benefit strategy development and operations. These include staff costs, including wage and benefit, contracting, equipment and software costs. Use caution to not double count staff costs accounted in community benefit operations in other categories. **Count:** Staff costs for managing community benefit programs, costs associated with needs assessments, grant writing and fundraising costs, administrative costs of outreach or public forums, training costs associated with community benefit. **Do not count:** Market analysis, market surveys, grants or fundraising for non-community benefit projects, staff time for in-house volunteer programs.

# Research Cash and In-Kind Contributions

Input data Computed Field

Research includes clinical and community health research, as well as studies on health care delivery that are intended to be publicly distributed or published in a peer reviewed journal. Priority should be placed on issues related to reducing health disparities and preventable illness. **Count**: Costs associated with clinical trials, research development, studies on therapeutic protocols, evaluation of innovative treatments, studies on health issues for vulnerable persons, public health studies, research papers prepared by staff for professional journals, studies on innovative health care delivery models. **Do not count**: any costs associated with research that will not produce generalizable knowledge, or public information.

Cash and in-kind contributions includes funds, grants and in-kind services donated to individuals or the community at large. As a general rule, count donations to organizations and programs that are consistent with your organization's goals and mission. In-kind services include hours donated by staff to the community while on health care organization work time, overhead expenses of space donated to not-for-profit community groups (such as for meetings), and donation of food, equipment, and supplies. **Count:** Hospital cash donations, grants, event sponsorship, general contributions to not-for-profit organizations or community groups, scholarships to community members not specific to health care professions, meeting room overhead and space for not-for-profit organizations and community groups, equipment, supplies, staff time while on regular working hours, **Do not count:** Staff time for employees volunteering outside their working hours, employeedonated funds, Emergency funds provided to employees, fees for sporting event tickets, time spent at golf outings or other primarily recreational events, employee perks or gifts.

10	Adjusted patient care charges (subtract line 9 from line 8)	299,903,393	169,950,000		
11	Patient care cost-to-charge ratio (divide line 7 by line 10; use this percentage on Charity Care, Medicaid, and other public program cost worksheets)	48.9%	48.6%		

# **Charity Care Worksheet**Calculation of Charity Care at Cost

Input data

**Computed Field** 

Charity care- means free or discounted health services provided to persons who cannot afford to pay and from whom a hospital has no expectation of payment. Charity care does not include bad debt, contractual allowances or discounts for quick payment. Eligibility determinations by hospitals can be made at any point during the revenue cycle but all efforts should be made to determine eligibility as early in the revenue cycle as possible. **Count:** Free and discounted care, expenses incurred by the provision of charity care, indirect costs not already included in calculating costs. **Do not count:** Bad debt, contractual allowances, implicit price concessions, or quick-pay discounts, Any portion of charity care costs already included in the subsidized health care services category. If your hospital cannot provide charity care cost data by primary payer, input all payer charity care in the "other" category, lines 5a-5d below

Indicate which expense method is being used to correctly populate the summary table

Cost to Charge Ratio

Ocst Accounting

Line	Gross patient charges	Amount	Sample	Cost Accounting Option
1a	Number of Medicaid patient visits provided charity care	405	1,000	
1b	Amount of gross Medicaid patient charges written off as charity care	469,082	500,000	
1c	Direct off-setting revenue for Medicaid patient community benefit	0		
1d	Number of Medicaid patient visits provided 100% charity care	404	0	
2a	Number of Medicare patient visits provided charity care	3,362	575	
2b	Amount of gross Medicare patient charges written off as charity care	654,963	1,200,000	
2c	Direct off-setting revenue for Medicare patient community benefit	0		
2d	Number of Medicare patient visits provided 100% charity care	3,347	0	
3a	Number of Commercial patient visits provided charity care	5,669	1,200	
3b	Amount of gross Commercial patient charges written off as charity care	1,271,082	1,500,000	
3c	Direct off-setting revenue for Commercial patient community benefit	0		
3d	Number of Commercial patient visits provided 100% charity care	5,466	75	
4a	Number of Uninsured patient visits provided charity care	1,738	500

#### Unreimbursed Costs of Medicaid Unreimbursed Costs of Other Public Payers Subsidized Health Services

Input data Computed Field

1

#### **Medicaid Worksheet**

**Calculation of Unreimbursed Costs of Medicaid Programs** 

Indicate which expense method is being used to correctly populate the summary table			
Cost to Charge Ratio	Cost Accounting		

Unreimbursed costs for Medicaid are the shortfall created when a facility receives payments that are less than the cost of caring for Medicaid or SCHIP beneficiaries. If using a cost to charge ratio, the workbook will populate the cost to charge ratio computed previously. If using a cost accounting method, fill out only the cost accounting option provided to the right. Only input NET COSTS for line 2.

Line		Amount	Sample
1	Number of Medicaid patients, including managed Medicaid and SCHIP	50,482	2,000
2	Gross patient charges from Medicaid programs, including managed Medicaid and SCHIP	56,091,621	23,000,000
3	Cost-to-charge ratio	48.9%	48.6%
4	Medicaid Expenses	27,415,799	11,185,349
5	Medicaid Provider Taxes	6,151,178	1,000,000
6	Total Medicaid Expenses	33,566,977	12,185,349
7	Net patient service revenue from Medicaid programs, including managed Medicaid and SCHIP	16,077,416	7,000,000
8	Other revenue (Ex: HRA payments, Provider Tax Reimbursement, Qualified Directed Payments)	6,129,365	1,000,000
9	Total direct offsetting revenue	22,206,781	8,000,000
10	Net community benefit expense	11,360,197	4,185,349
Note: If net community benefit expense is negative, indicating a gain, do to report results on form CBR-1, as gains are not reportable.			

	Cost Accounting Option
Γ	
	0
L	
	0
	0
	0

If your hospital elects to use a cost accounting methodology in lieu of a cost to charge ratio, input **NET COST** for line 2, under the cost allocation column.

#### **Other Public Payer Worksheet**

#### **Calculation of Unreimbursed Costs of Other Public Payers**

Unreimbursed costs other public payers are the shortfalls created when a facility receives payments that are less than the cost of caring for beneficiaries of non-Medicare, non-Medicaid public programs. If using a cost to charge ratio, the workbook will populate the cost to charge ratio computed previously. If using a cost accounting method, fill out only the cost accounting option provided to the right. Only input NET COSTS for line 2. Count: Veterans Health Administration, Tricare, CHAMPUS, Indian Health Services, other state or federal benefit programs. Do not count: Medicare, Medicaid, SCHIP.

Line		Amount	Sample	
1	Number of other public payer patients, excluding Medicare and Medicaid	5,805	500	
2	Gross patient charges from Other Public Payers, excluding Medicare and Medicaid	14,157,945	10,000,000	
3	Cost-to-charge ratio	48.9%	48.6%	
6	Total Other Public Payer Expenses	6,919,953	4,860,000	
7	Net patient service revenue from Other Public Payers, excluding Medicare and Medicaid	4,743,264	4,000,000	
8	Other revenue related to services provided to Other Public Payers	0	500,000	
9	Total direct offsetting revenue	4,743,264	4,500,000	
10	Net community benefit expense	2,176,689	360,000	
Note: If net community benefit expense is negative, indicating a gain, do to report results on form CBR-1, as gains are not reportable				

Cost Accounting Option	I
	0
	0
	0

If your hospital elects to use a cost accounting methodology in lieu of a cost to charge ratio, input **NET COST** for line 2, under the cost allocation column.

#### **Subsidized Health Services**

Subsidized health services are clinical service lines that are provided despite a financial loss because they meet an identified community need and it is reasonable to conclude that if the hospital no longer offers the service, then the service would be unavailable in the community, the community's capacity to provide the service would be below the community's need, or the service would become the responsibility of government or another tax-exempt organization. Such services must be at an financial loss after removing revenue and expenses associated with Medicaid, bad debt, charity care and other public programs.

Line		Amount	Sample
1	Number patient encounters for subsidized health services	16,011	500
2	Total expenses, excluding losses to Medicaid, Charity Care or other public payers	6,312,006	10,000,000
3	3 Net patient service revenue from subsidized health services		4,000,000
4	Grants, subsidies or other sources of revenue that support subsidized health services	0	500,000
5	Total direct offsetting revenue	3,902,049	4,500,000
6	Net community benefit expense	2,409,957	5,500,000
Note: If net community benefit expense is negative, indicating a gain, do to report results on form CBR-1, as gains are not reportable.
