Independent Auditors' Report

The Board of Directors
Tuality Healthcare:

Opinion

We have audited the consolidated financial statements of Tuality Healthcare and its subsidiaries (the the Company), which comprise the consolidated balance sheets as of June 30, 2024 and June 30, 2023, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the the Company as of June 30, 2024 and June 30, 2023, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the the Company's ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information in Schedules I and II is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(1) Summary of Organization and Accounting Policies

Tuality Healthcare and subsidiaries (Tuality), doing business as Hillsboro Medical Center, is a licensed 215-bed hospital and health services provider operating in Washington County, Oregon. Tuality operates Tuality Community Hospital in Hillsboro, Oregon. In addition to acute care hospital services, Tuality provides a wide array of outpatient diagnostic and treatment services throughout western Washington County. Tuality is reported as a discretely presented component unit of Oregon Health & Science University.

Tuality is the parent company and sole member or stockholder of the following companies:

Tuality Management Systems, Inc. (TMSI), which owns taxable affiliated corporation Tuality Medical Equipment & Supply (TMES) that sells and rents medical durable goods.

Tuality Property Management, Inc., holds hospital-related real estate and property acquired for future hospital expansion or investment.

Tuality Healthcare Foundation, Inc., a foundation established to support Tuality by funding projects and programs that enrich the patient experience and wellness of our community.

The organizations are nonprofit corporations under the laws of the State of Oregon, maintaining tax-exempt status, except for Tuality Management Systems, Inc., which is a for-profit, taxable corporation.

(a) Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Tuality and all majority-owned or controlled subsidiaries (collectively "Tuality"). Subsidiaries in which Tuality has less than a controlling interest are generally accounted for by the equity method, which approximates Tuality's equity in their underlying net book value. All intercompany accounts and transactions have been eliminated.

(b) Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(c) Subsequent Events

Management has evaluated subsequent events through October 17, 2024, the date the consolidated financial statements were available to be issued and has determined that all subsequent events have been appropriately reflected in the accompanying consolidated financial statements.

(d) Patient Accounts Receivable

Accounts receivable are stated at unpaid balances, net of explicit and implicit price concessions. Substantially all of Tuality's receivables are related to providing healthcare services to its hospital's patients, except amounts due from OHSU.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Tuality estimates the allowance for implicit price concessions by reserving a percentage of all self-pay accounts receivable, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends. The percentage used to reserve for all self-pay accounts is based on Tuality's recent collection history. Reserves for explicit price concessions on accounts with third-party payors are set taking into consideration contractually expected amounts.

Collections are impacted by the economic ability of patients to pay and the effectiveness of Tuality's collection efforts. Significant changes in payor mix, business office operations, economic conditions, or trends in federal and state governmental healthcare coverage could affect Tuality's collection of accounts receivable and the estimates of the price concessions related to current accounts receivable. The allowance for implicit price concessions is decreased by write-offs (net of recoveries). Accounts receivable are written off after collection efforts have been followed in accordance with Tuality's policies.

(e) Due to/from Related Party

As of June 30, 2024 and 2023, respectively, Tuality recorded amounts due to related party of \$15,757,934 and \$10,681,488 for OHSU operating costs reimbursement as well as operating and cash flow support.

(f) Net Patient Service Revenue

Net patient service revenue is reported as the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

(g) Cash and Cash Equivalents

Tuality considers all highly liquid short-term investments with original maturities of three months or less, at date of purchase or acquisition, to be cash equivalents, except for cash equivalents included in its investment portfolios.

(h) Investments and Assets Whose Use is Limited

Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheets. Investments valued utilizing net asset value (NAV) as a practical expedient are excluded from the fair value hierarchy.

Investment income or loss (including realized gains and losses on investments, unrealized gain/loss on trading or equity securities, interest, and dividends) is included in the excess of revenue over expenses unless the income or loss is restricted by donor or law. Investment income on investments of donor-restricted funds are added to the appropriate restricted fund balance.

(i) Supplies Inventory

Inventories, consisting of supplies, are valued at the lower of cost (first-in, first-out) or net realizable value.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(j) Property and Equipment

Property and equipment are carried at cost. Refurbishments or improvements that extend the useful life of an existing asset are also capitalized. Donated assets are carried at fair market value at date of donation. The carrying amounts of assets sold, retired, or otherwise disposed of and the related allowances for depreciation are eliminated from the accounts, and any resulting gain or loss is included in operating income or expense. Depreciation of property and equipment is provided by annual charges to expense on a straight-line basis over the expected useful lives of the assets. Equipment under finance lease obligations is amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. The range of annual lives used in computing depreciation is as follows:

- Buildings: 10–50 Years
- Fixed Equipment: 15–20 Years
- Movable Equipment: 3–20 Years

(k) Federal and State Income Taxes

Tuality is a nonprofit corporation and it is management's opinion that substantially none of its activities are subject to unrelated business income taxes. Certain subsidiaries, however, are subject to income taxes, although no significant amounts have been incurred to date.

U.S. generally accepted accounting principles require management of Tuality to evaluate tax positions taken by the organization and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed tax positions taken by the organization and has concluded that as of June 30, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the consolidated financial statements. Tuality is subject to routine audits by taxing jurisdictions but no audits are currently in process.

(l) Estimated Malpractice Claims

Tuality purchases professional and general liability insurance to cover medical malpractice claims on a claims-made basis. There are known claims and incidents that may result in the assertion of additional claims, as well as claims from unknown incidents that may be asserted arising from services provided to patients. Tuality accrues an estimate of the ultimate costs for both reported claims and claims incurred but not reported, as well as an estimated receivable for expected insurance reimbursements.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(m) Net Assets with Donor Restrictions

Net assets with donor restrictions are available for the following purposes:

	2024	2023
Net assets with donor restrictions:		
Education	\$ 7,714,870	6,901,867
Patient care	<u>1,513,722</u>	<u>1,606,905</u>
	<u><u>\$ 9,228,592</u></u>	<u><u>8,508,772</u></u>

Net assets with donor restrictions are those whose use by Tuality has been limited by donors to a specific time period or purpose. Net assets with donor restrictions may have been restricted by donors to be maintained by Tuality in perpetuity or used during a specific time period.

Unconditional promises to give cash and other assets to Tuality are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the condition is met or the intention to give becomes irrevocable. The gifts are reported as donor-restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statements of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying consolidated financial statements.

(n) Income from Operations

Income from operations includes income from provision of patient services, as well as other revenue consisting primarily of Oregon Health & Science University (OHSU) support, management fees, rental income, and realized investment income on other than board-designated assets. Income (loss) from operations excludes components of net periodic pension costs other than service cost and certain items that Tuality deems to be outside the scope of its primary business.

(o) Excess/(Deficit) of Revenue over Expenses

The consolidated statements of operations include excess/deficit of revenue over expenses. Changes in net assets without donor restrictions, which are excluded from excess/deficit of revenue over expenses, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions, which by donor restriction were to be used for the purpose of acquiring such assets) and certain pension-related changes.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(p) OHSU Affiliation

Tuality is affiliated with OHSU through the execution of a Management Agreement (the Agreement) between the organizations. Under the Agreement, OHSU agrees to oversee the unified and integrated clinical enterprises of OHSU and Tuality as a single, integrated economic unit. OHSU and Tuality remain as separate entities, own their own assets, and continue to be the licensed operators of their own facilities. Per the Agreement, OHSU has guaranteed Tuality operating income and operating cash flow support. Operating income support amounted to \$8,080,086 and \$22,812,752 for the years ending June 30, 2024 and 2023, respectively. Operating cash flow support is in the form of a loan with the balance of \$19,590,794 as of both June 30, 2024 and 2023 and is included in other long-term liabilities in the consolidated balance sheets. As of June 30, 2024, there exists on Tuality's financial statements a due to related party payable for operating services and operating support of \$15,757,930 and \$10,681,488 for June 30, 2024 and 2023, respectively.

As a related party, Tuality utilized \$64,732,668 and \$60,400,203 of services during the years ended June 30, 2024 and 2023, respectively, from OHSU, primarily related to providers and their support components, including specialty services that were not available to the community in the past, IT services and access to technology, and revenue cycle services including electronic medical records. These expenses primarily consist of professional fees and purchased services.

(q) New Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases*. The ASU applies to all leases of tangible assets and the new standard was adopted by Tuality on July 1, 2022. As of July 1, 2022 the adoption of this new standard resulted in the recording of \$6,499,724 in right-of-use assets and \$6,643,164 in liabilities in the consolidated balance sheet.

(2) Investments in Unconsolidated Affiliates and Investment Income

(a) Investments in Unconsolidated Affiliates

Investments in unconsolidated affiliates consisted of the following at June 30, 2024 and 2023:

	June 30, 2024			
	Cost or equity	Percentage of ownership	Investments	Income
Raines Dialysis Center	Equity	20 %	\$ 510,000	297,167
Mountain States Healthcare	Cost	5	310,181	—
Noble Woods	Equity	22	232,274	279,661

(b) Investment Income

Investment income on board-designated funds including unrealized gains and losses, is included in other non-operating activities.

Investments made by the Tuality Healthcare Foundation are managed in accordance with the laws of the State of Oregon, and in ways that maximize overall return on investment with minimal risk to the investment, while promoting stability, flexibility, diversification, and liquidity. The Foundation is the recipient of many donor-restricted gifts, the expenditure of which occurs over time for a variety of charitable purposes. These funds, in addition to miscellaneous unrestricted funds, are not pooled with the endowed funds for investment purposes, as the investment objectives for these funds differ from the long-term objective of the endowed funds. These funds are individually accounted for and will accrue pro rata investment income until the principal amounts are distributed for their specific purposes. Non-endowed funds shall be invested in a combination of bonds and cash, with the goal of exposing the funds to very low risk. For non-endowed funds, any bonds held are subject to limited maturity (three years). It is the Foundation's intention to hold these bonds as trading securities.

The Foundation can spend up to 6% of a three-year moving average of the total fair value of the endowment assets annually to support community education programs and specific scholarships as designated by the various endowments. For purposes of determining the amount available to spend, the three-year moving average is calculated from the fair value of the endowments on June 30 of each year.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Changes in endowment net assets for the years ended June 30, 2024 and 2023 are as follows:

	Net assets with donor restrictions
Balance as of June 30, 2022	\$ 4,718,783
Investment gain	318,083
Contributions	35,234
Appropriated for expenditure	<u>(333,449)</u>
Balance as of June 30, 2023	4,738,651
Investment gain	540,847
Contributions	172,150
Appropriated for expenditure	<u>(282,241)</u>
Balance as of June 30, 2024	<u>\$ 5,169,407</u>

(3) Liquidity and Availability

As of June 30, 2024, Tuality Healthcare has working capital of \$ 28,871,249.

Financial assets available for general expenditure within one year of the balance sheet date, consist of the following:

	2024
Cash and cash equivalents	\$ 10,784,411
Patient accounts receivable, net	54,800,472
Other receivables	5,532,058
Board designated funds	<u>34,258,512</u>
	<u>\$ 105,375,453</u>

Certain board-designated and donor-restricted assets limited to use are available for general expenditure within one year in the normal course of operations. Other assets limited to use are for donor-restricted purposes and debt service. Additionally, certain board-designated assets are designated for future purposes beyond the next year. However, the board-designated amounts may be made available, if necessary.

As part of Tuality's liquidity management plan, cash in excess of daily requirements is invested in short term investments and money market funds.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(4) Fair Value Measurements

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income, or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities Tuality has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The amounts in the following tables are comprised of assets whose use is limited, short term investments, and investments associated with deferred compensation which are included in other assets in the consolidated balance sheets.

Fair values of assets measured on a recurring basis at June 30, 2024 are as follows:

	Fair value measurements at reporting date using			
	Total fair value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Short term investments:

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Fair value measurements at reporting date using				
	Total fair value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Donor restricted:				
Cash equivalents	\$ 54,151	54,151	—	—
Equity securities	6,269,177	6,269,177	—	—
Fixed income securities	2,582,245	—	2,582,245	—
Deferred compensation plan:				
Cash equivalents	762,760	762,760	—	—
Equity securities	1,349,499	1,349,499	—	—
Fixed income securities	821,434	821,434	—	—
	<u>\$ 39,646,365</u>	<u>36,869,238</u>	<u>2,777,127</u>	<u>—</u>
Investments valued at NAV as a practical expedient		<u>4,363,033</u>		
Total	<u>\$ 44,009,398</u>			

Investments valued using the NAV per share (or its equivalent) as a practical expedient are considered “alternative investments” and, unlike more traditional investments, generally do not have readily obtainable market values and take the form of limited partnerships. Tuality values these investments based on the partnerships’ June 30 financial statements. The following table presents the investments valued at NAV per share, redemption frequency (if currently eligible), as the redemption notice period, and excluded from the fair value hierarchy tables above:

	June 30		Redemption frequency	Redemption notice period
	2024	2023		
Limited partnerships	\$ 4,926,702	4,363,033	Monthly to annual	45–185 days

(5) Community Benefits

Tuality’s mission is to provide quality healthcare services and leadership in promoting health improvement to all persons in its service area on a nondiscriminatory basis and without regard to ability to pay. Tuality recognizes that not all individuals possess the ability to purchase essential medical services and that its mission includes serving the community with respect to providing healthcare service and healthcare education. In keeping with its commitment to serve all members of its community, the following are considered in the context of the individual’s ability to pay and/or community need:

- Free and/or subsidized care

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

- Care provided to persons covered by governmental programs at below cost
- Health activities and programs to support the community

These activities include wellness programs, community education programs, health screenings, and special programs for the elderly, handicapped, and medically underserved, and a wide variety of broad community support activities.

Through its hospitals, Tuality provides care to patients covered by governmental programs, such as Medicare and Medicaid, which reimburse at levels below the actual cost to provide this care. The amount of unpaid cost due to inadequate reimbursement under these programs was approximately \$74,082,244 and \$72,915,592 during the years ended June 30, 2024 and 2023, respectively. Tuality also provides additional free or discounted care under its charity care policy. The cost of care provided under Tuality's charity policy was estimated to be \$4,042,998 and \$3,757,815 during the years ended June 30, 2024 and 2023, respectively. The cost of charity care provided is based on Tuality's estimated relationship of cost to charges.

(6) Net Patient Service Revenue and Patient Receivables

Management evaluates revenue by nature in the following categories for the year ended June 30, 2024:

	2024	2023
Net Patient service revenue by payor:		
Medicare	\$ 116,164,547	101,603,055
Medicaid	69,891,974	63,870,974
Commercial and Managed Care	106,664,627	102,446,874
Other	<u>2,454,565</u>	<u>2,425,645</u>
	<u><u>\$ 295,175,713</u></u>	<u><u>270,346,548</u></u>
Revenue by major line of business:		
Inpatient revenue, net	\$ 110,594,314	93,900,141
Outpatient revenue, net	184,581,399	176,446,407
OHSU support	8,080,086	22,812,752
Federal Stimulus Funding (FEMA)	12,191,359	1,802,354
Other revenue	<u>7,527,587</u>	<u>8,614,097</u>
	<u><u>\$ 322,974,745</u></u>	<u><u>303,575,751</u></u>

Tuality has agreements with third-party payors that provide for payments to Tuality at amounts different from their established rates. A summary of the payment arrangements with major third-party payors follows.

(a) Medicare

Inpatient acute care services and outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors. Inpatient non-acute services and defined capital costs related to beneficiaries are paid based on a cost reimbursement methodology. Tuality is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

submission of annual cost reports by Tuality and audits thereof by the Medicare fiscal intermediary. Tuality's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization under contract with Tuality. Tuality's Medicare cost reports have received final settlement notification by the Medicare fiscal intermediary through June 30, 2018.

(b) Medicaid

Inpatient and outpatient services rendered to the Medicaid program beneficiaries are paid based on prospective payment rates with final settlement determined after submission of annual cost reports by Tuality and audits thereof by the Department of Medical Assistance Programs (DMAP).

Tuality's Medicaid cost reports have been reviewed by DMAP through June 30, 2017.

Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

There were no material effects on net patient services revenue for the years ended June 30, 2024 and 2023 due to changes in prior year estimated Medicare and Medicaid settlements.

(c) Other

Tuality has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to Tuality under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates and outpatient service fee schedules.

(7) Property and Equipment

A summary of property and equipment at June 30, 2024 and 2023 follows:

	2024	2023
Land and land improvements	\$ 7,993,510	8,044,601
Building and fixed equipment	114,426,095	117,918,857
Moveable equipment	75,179,103	77,365,195
Equipment under capital leases	6,143,883	7,117,040
	203,742,591	210,445,693
Less accumulated depreciation and amortization	<u>(156,584,305)</u>	<u>(159,015,411)</u>
	47,158,286	51,430,282
Construction in progress	<u>7,333,546</u>	<u>6,252,218</u>
Property and equipment, net	<u>\$ 54,491,832</u>	<u>57,682,500</u>

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(8) Long-Term Debt

Hospital Revenue Refunding Bond, Series 2015, amounting to \$16,125,000, was issued by the Hospital Facility Authority of Hillsboro, Oregon (The Authority) to fund an irrevocable trust to defease scheduled principal and interest payments on the Hospital Revenue Bonds, Series 2001. It also provided additional funding for capital purchases.

Under the terms of the loan agreements created pursuant to these issuances, Tuality Obligated Group (The Obligated Group), which only includes the Tuality Healthcare legal entities, agreed to provide funds sufficient to pay the principal and interest on the bonds as they become due and to pay any expenses of the Trustee. The Obligated Group recorded liabilities in the amount of the bonds payable to reflect these agreements. In order to secure the bonds, the Obligated Group granted security interests in the gross revenue from operations, equipment owned or leased located in Tuality facilities, and on Tuality's real property.

Under the Original Master Indenture, as amended, Tuality agreed to a number of covenants and conditions, one of which was not met as of June 30, 2024. Management is following guidance within the Original Master Indenture to address the current and projected days cash on hand not meeting the required threshold and is working with a consultant to advise on performance improvement initiatives. Lack of compliance with the days cash on hand covenant does not constitute an event of default and therefore the bonds continue to be classified as long-term.

Long-term debt at June 30, 2024 and 2023 consists of the following:

	<u>2024</u>	<u>2023</u>
2015 series bonds, variable annual payments, including principal and interest at a rate of 2.88% from \$1,262,700 to \$1,270,600, beginning October 2016 to October 2031	\$ 8,840,018	9,805,217
Present value of net minimum finance lease obligations	24,071	167,523
Total debt	8,864,089	9,972,740
Less amounts due within one year	(1,034,071)	(1,122,249)
Long term debt, due after one year	\$ 7,830,018	8,850,491

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Long-term debt maturing in the next five years consists of:

	<u>Long term debt</u>	<u>Finance leases</u>	<u>Total</u>
Fiscal years ending:			
2025	\$ 1,009,361	24,710	1,034,071
2026	1,025,198	—	1,025,198
2027	1,055,198	—	1,055,198
2028	1,085,198	—	1,085,198
2029	1,120,198	—	1,120,198
Thereafter	<u>3,545,500</u>	<u>—</u>	<u>3,545,500</u>
	<u><u>\$ 8,840,653</u></u>	<u><u>24,710</u></u>	<u><u>8,865,363</u></u>

(9) Operating Leases

Tuality enters into operating leases primarily for buildings and equipment. For operating leases with terms greater than 12 months, Tuality records the related right-of-use (ROU) asset and liability at the present value of the lease payments over the contract term using the Tuality's incremental borrowing rate. Building lease agreements generally require Tuality to pay maintenance, repairs, and property taxes, which are variable based on actual costs incurred during each applicable period. Such costs are not included in the determination of the ROU asset or lease liability. Tuality has elected the practical expedient to not separate lease components from non-lease components for its operating leases.

Tuality leases equipment and buildings under non-cancelable operating leases, which expire at various dates between June 2024 and 2033.

The components of lease cost are as follows for the year ended June 30, 2024:

Operating lease cost:	
Fixed lease expense	\$ 5,078,778
Variable lease expense	<u>319,435</u>
Total operating lease cost	<u><u>\$ 5,398,213</u></u>

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Supplemental cash flow and other information related to leases upon the adoption as of July 1, 2022 are as follows:

	2024	2023
Cash paid for amounts included in the measurement of lease liabilities:		
Operating cash flows from operating leases	\$ 4,436,706	144,272
Additions to ROU assets obtained from operating leases	29,123,448	6,499,724
Weighted average remaining lease term (in years):		
Operating leases	12	5
Weighted average discount rate:		
Operating leases	5.8 %	6.1 %

Commitments related to noncancelable operating and finance leases for each of the next five years and thereafter as of June 30, 2024 are as follows:

	Operating leases
2025	\$ 4,474,750
2026	4,052,695
2027	4,166,538
2028	4,167,476
2029	3,634,195
Thereafter	<u>31,135,469</u>
	51,631,123
Less imputed interest	<u>15,351,889</u>
Total lease liabilities	36,279,234
Less current portion	<u>2,518,818</u>
Total lease obligation	<u>\$ 33,760,416</u>

(10) Retirement Plans

Tuality has two defined-benefit pension plans covering its employees. Tuality makes contributions to the plan in amounts sufficient to fund the plan's current service cost and the actuarially computed past service costs over a period of 10 years. The defined-benefit pension plan was frozen in 2016. In conjunction with the freeze, the plan is now closed to new entrants and compensation no longer accrues. Current participants who are not yet vested will continue to accrue accumulated years of service for hours worked to become vested if they continue working for Tuality.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

In 2012, Tuality established a cash balance retirement plan that covers substantially all of its employees. The plan benefits were based on compensation and years of service. Tuality made annual contributions and interest credits to each employee's account. In February of 2021, the board of directors approved an amendment to freeze this plan effective March 1, 2021. Although interest will still be credited, this ended all future service contributions.

The defined-benefit pension plan and the cash balance retirement plan are collectively "the defined-benefit plans."

Tuality also has a 457(b) salary deferral plan for key executives. Tuality reports assets and liabilities of equal amounts attributable to the amount deferred and the related investment earnings. Tuality's invested assets of deferred compensation consist of mutual funds and fixed income. The balance in the deferred compensation plan at June 30, 2024 and 2023 was \$3,449,619 and \$2,933,693, respectively, and is included in both other assets and other long-term liabilities in the accompanying consolidated balance sheets.

The following table sets forth the funded status of the defined-benefit plans and amounts recognized in Tuality's consolidated balance sheets as of June 30, 2024 and 2023:

	2024	2023
Change in benefit obligation:		
Projected benefit obligation at July 1	\$ 106,972,733	114,173,706
Service cost	2,085,960	1,858,882
Interest cost	5,389,621	5,107,934
Settlement	(7,438,318)	—
Actuarial gain	(2,517,426)	(6,565,289)
Expenses paid	(2,171,084)	(1,811,759)
Benefits paid	<u>(6,467,186)</u>	<u>(5,790,741)</u>
Projected benefit obligation at June 30	<u>95,854,300</u>	<u>106,972,733</u>
Change in plan assets:		
Fair value of assets at July 1	85,279,904	84,494,198

Benefits paid	<u>(6,467,186)</u>	<u>(5,790,741)</u>
Fair value of assets at June 30	<u>80,999,625</u>	<u>85,279,904</u>
Funded status	\$ (14,854,675)	(21,692,829)

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Amounts recognized in the consolidated balance sheets and the statement of changes in net assets as of and for the years ended June 30, 2024 and 2023 consist of:

	2024	2023
Liability for pension benefits	\$ 14,854,675	21,692,829
Pension-related changes	5,907,114	7,486,054
Net periodic pension cost	2,824,877	2,214,375

Amounts recognized as changes in net assets without donor restrictions but not yet included in net periodic pension cost as of June 30, 2024 and 2023 consist of:

	2024	2023
Net loss	\$ 35,783,249	45,694,799
Prior service cost	—	—
Total	<u>\$ 35,783,249</u>	<u>45,694,799</u>

The accumulated benefit obligation for the defined-benefit plans was \$95,854,300 and \$106,972,733 at June 30, 2024 and 2023, respectively.

	Year ended June 30	
	2024	2023
Components of net periodic benefit cost:		
Service cost	\$ 2,085,960	1,858,882
Interest cost	5,389,621	5,107,934
Expected return on plan assets	(5,858,897)	(5,790,058)
Amortization of prior service cost	—	(274,713)
Amortization of net actuarial gain	<u>1,208,193</u>	<u>1,312,330</u>
Net periodic pension cost	<u>\$ 2,824,877</u>	<u>2,214,375</u>

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

The estimated net loss and prior service cost that will be amortized from changes in net assets without donor restrictions into net periodic pension cost over the next fiscal year are \$1,669,030 and \$1,208,193, respectively.

(a) Assumptions

	June 30	
	2024	2023
Weighted average assumptions used to determine benefit obligations at June 30:		
Discount rate	5.46 %	5.21 %
Weighted average assumptions used to determine net periodic benefit cost for period ended:		
Discount rate	5.21 %	4.61 %
Expected long-term return on plan assets	6.60	6.40

The discount rate is determined using a published yield curve applied to expected timing of future benefit payments. The expected long-term rate of return on plan assets reflected the weighted average expected return for the broad categories of investments currently held in the defined-benefit plans (adjusted for expected changes), based on historical rates of return for each broad category, as well as factors that may constrain or enhance returns in the broad categories in the future.

(b) Plan Assets

Tuality's investment policy is to manage the defined-benefit plans with long-term (five years and more) objectives, with little concern for high current income or the need to maintain ready-cash reserves other than as required for current participant distributions, and with the intent to achieve the highest practicable long-term rate of return without taking excessive risk that could jeopardize the funding policy or cause undue funding volatility. In consideration of this policy, the defined-benefit plans will invest in a variety of asset classes (including short term money-market securities, large-company common stocks, smaller-company common stocks, international common stocks and fixed income securities) and will diversify sufficiently within each asset class or may invest in index funds to minimize the risk of large losses.

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Target allocation percentages for each major category of plan assets are as follows:

	Cash balance	Defined benefit
Non-traded alternative	2 %	2 %
Cash	8	11
Equity	47	52
Fixed	20	20
Hedged	23	15
Total	100 %	100 %

(c) Cash Flows

Tuality expects to contribute \$4,048,000 to its pension plans in fiscal year 2025.

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

Fiscal year ending June 30:

2025	\$ 6,819,029

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

Investments valued using the NAV per share (or its equivalent) are considered “alternative investments” and, unlike more traditional investments, generally do not have readily obtainable market values and take the form of limited partnerships. Tuality values these investments based on the partnerships’ June 30 financial statements. The following table presents the investments valued at NAV per share, redemption frequency (if currently eligible), and the redemption notice period, and excluded from the fair value hierarchy tables above:

	June 30		Redemption frequency	Redemption notice period
	2024	2023		
Alternative investments	\$ 6,105,870	7,307,915	Quarterly	30–90 Days

(d) Healthcare Performance Retirement Plan

In addition, during 1994, Tuality established the Tuality Healthcare Performance Retirement Plan under which eligible employees may defer a portion of their annual compensation pursuant to Sections 403(b) and 401(k) of the Internal Revenue Code. Tuality matches a portion of employee contributions on a discretionary basis. Tuality made contributions of \$3,855,613 and \$3,101,844 for the years ended June 30, 2024 and 2023, respectively.

(11) Functional Expenses

Tuality provides general healthcare services to residents within its geographic location. Expenses related to providing these services are as follows for the years ended June 30, 2024 and 2023:

	Year ended June 30, 2024			
	Tuality program service	Tuality management and general	Affiliated entities	Total
Salaries and wages	\$ 113,441,322	3,605,014	—	117,046,336
Employee benefits	30,128,573	988,855	—	31,117,428
Supplies and other expense	112,642,639	2,992,386	2,741,405	118,376,430
Professional fees	48,249,445	38,821	—	48,288,266
Depreciation and amortization	7,066,940	—	201,210	7,268,150
Interest	727,824	—	—	727,824
Total	\$ 312,256,743	7,625,076	2,942,615	322,824,434

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

	Year ended June 30, 2023			
	Tuality program service	Tuality management and general	Affiliated entities	Total
Salaries and wages	\$ 105,738,296	3,036,450	—	108,774,746
Employee benefits	28,406,056	750,003	—	29,156,059
Supplies and other expense	107,538,120	3,046,140	2,549,400	113,133,660
Professional fees	44,048,719	76,000	—	44,124,719
Depreciation and amortization	7,445,083	—	196,373	7,641,456
Interest	723,927	—	—	723,927
Total	\$ 293,900,201	6,908,593	2,745,773	303,554,567

The financial statements report certain expense categories that are attributable to more than one healthcare service or management and support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Costs not directly attributable to a function, including depreciation, amortization, and other occupancy costs, are allocated to a functional region based on a square-footage or units-of-service basis. In some instances, costs are allocated according to reasonable estimates of general overhead.

(12) Concentrations of Credit Risk

Financial instruments, which potentially subject Tuality to concentrations of credit risk consist of the following:

(a) Cash

Tuality maintains its cash balances at several financial institutions located in Washington County, Oregon. As of June 30, 2024, accounts at each institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. At June 30, 2024, Tuality's bank accounts at certain institutions exceeded FDIC coverage.

(b) Patient Receivables

The mix of net patient receivables was as follows at June 30, 2024 and 2023:

	2024	2023
Medicare and Medicare Managed Care	35 %	36 %
Medicaid and Medicaid Managed Care	18	10
Managed Care Plans	45	50
Other	2	4
	100 %	100 %

TUALITY HEALTHCARE AND SUBSIDIARIES

Notes to Consolidated Financial Statements

June 30, 2024 and 2023

(13) Commitments and Contingencies

During the normal course of its operations, Tuality becomes involved in litigation and regulatory investigations.

Tuality has different insurance arrangements with Mountain States Healthcare Reciprocal Retention Group (MSH) along with other member hospitals. All claims under the MSH policy are subject to a \$25,000 deductible indemnity payment per claim. The limits provided in the primary policy issued by MSH shall be \$1,000,000 per claim and \$3,000,000 annual aggregate for general and hospital professional liability, and \$1,000,000 per claim and \$3,000,000 or \$2,000,000 per claim and \$5,000,000 annual aggregate for physician professional liability. An excess/umbrella insurance program exists for general and hospital professional liability and provides limits in four separate layers and is reinsured by CNA (first excess layer), Zurich (next two excess layers), and Chartis (last excess layer) insurance companies. Each layer provides limits of \$5,000,000 per claim and \$5,000,000 annual aggregate per hospital and \$15,000,000 annual aggregate for all hospitals participating in that layer. Total limits for the hospitals that participate in all four layers are \$20,000,000 per claim, \$20,000,000 annual aggregate per hospital, and \$60,000,000 annual aggregate for all hospitals combined. After January 1, 2011, all four excess layers apply. The insurance is on a claims-made basis.

Effective January 1, 2018 Tuality entered into an insurance program with Utah Medical Insurance Association (UMIA). All professional liability and general liability claims under the policy are subject to a \$25,000 deductible indemnity payment per claim. All personal property claims are subject to a \$250 deductible. All Employee Benefits Administration Liability Claims are subject to a \$1,000 deductible. This policy is on a claims-made basis. For stop loss, the claims that Tuality pays (after out of pocket share) are capped per person at \$215,000. Any claims paid after \$215,000 during the year is reimbursed by the stop loss carrier. There is no maximum on the reimbursements.

General and professional liability costs, as well as related expected insurance recoveries, have been accrued based on actuarial determination. The amount accrued, including the tail liability, at June 30, 2024 and 2023 for general and professional liability risks was \$1,911,000 and \$1,817,500, respectively, and is recorded in long-term liabilities. The related insurance receivable at June 30, 2024 and 2023 was \$1,211,000 and \$1,187,000, respectively and recorded in other receivables-non current.

Tuality has an employee medical benefit plan to self-insure claims. This self-insured medical benefit plan operates on a calendar year basis and is administered by a third-party administrator. Tuality has entered into a stop-loss insurance arrangement in an effort to limit its exposure. Tuality and its covered employee dependents contribute to the fund to pay medical claims and reinsurance premiums. At June 30, 2024 and 2023, management has made provisions which it believes to be sufficient to cover estimated claims, including claims incurred but not yet reported. The total of this expected liability, inclusive of deductibles, is \$2,012,853 as of June 30, 2024, and \$1,808,907 as of June 30, 2023.
