Capital Project Qualitative Information

1. Provide a brief description of the project.

Purchase a new surgical robot

2. Proposed start date: April 2026

3. Date of approval by board: March 2026

4. Expected completion date: June 2026

5. What is the expected project cost? 2,667,000

6. Describe the expected benefits to the community that your facility serves. Include both direct financial benefits such as charity care as well as qualitative benefits such as access to care and quality improvements. Attach additional pages if needed.

This will allow us to perform more surgical procedures to meet volume and needs.

7. In what ways may this project negatively impact the community that your facility serves? Include direct cost such as bonds as well as indirect impacts such as service interruptions. Attach additional pages if needed.

No, negative impacts are anticipated, and this project will not be funded with bond proceeds

8. How has your facility evaluated the need for this project within the community that you serve?

This new surgical robot will help us meet the volume needs for our area.

9. Are the medical services created by this project already available in the community that your facility serves?

This project is not creating new medical services.

Public Notice and Comment

1. Provide a link to the webpage where public notice of the capital project was posted. If your facility does not maintain a webpage provide the name of the newspaper where the public notice was made and date of publication. Attach additional pages if needed.

<http://www.salemhealth.org/about/surgicalrobot>

2. Describe your facility’s method of collecting and reviewing public comments on the capital project. Attach additional pages if needed.

Salem Hospital is governed by a Board of Directors who considers community comments in their decision
