SUSTAINABLE HEALTH CARE COST GROWTH TARGET PROGRAM**

In the Matter of:

Northwest Medical Homes, LLC, an
Oregon Limited Liability Company

For the Cost Growth Target
measurement period: 2022-2023

Agency No. **CGT-2024-PROV-23**

**NOTICE OF PROPOSED DETERMINATION
AND RIGHT TO REQUEST A HEARING**

Oregon Health Authority's (OHA) Sustainable Health Care Cost Growth Target Program (CGT) is tasked with monitoring the cost of health care in Oregon and holding payers and provider organizations accountable for cost growth that exceeds the annual target with statistical confidence and without an acceptable reason. The CGT is governed by Oregon Revised Statutes (ORS) 442.385 through 442.386 and Oregon Administrative Rules (OAR) Chapter 409, Division 65.

Per ORS 442.386 and OAR 409-065-0035, OHA reviews underlying cost drivers and reasons for cost growth and makes a determination as to whether such conditions or factors, or combination of such conditions or factors, suffices as reasonable cause for an entity to exceed the cost growth target for the measurement period.

Now, therefore, upon due consideration of the circumstances, including the mandatory cost growth target data submissions, supplemental information provided by the entity, and the entirety of OHA's record, OHA enters the following Notice of Proposed Determination.

Procedural History and Findings of Fact

1. OHA's CGT conducted its cost growth review under OAR 409-065-0035 which requires that OHA conduct analyses to understand potential systematic causes or other factors that might result in payers or provider organizations exceeding the cost growth target. The cost growth target for 2021 through 2025 is 3.4%.¹
2. Northwest Medical Homes, LLC, an Oregon Limited Liability Company ("Northwest Medical Homes") is a provider organization in Oregon and was identified as an accountable organization for the 2022-2023 measurement period. To be accountable to the target, provider organizations must have at least 10,000 unique patient lives or 5,000 lives within any one CGT market (Medicaid, Medicare Advantage, Commercial) attributed to them across CGT data submissions for the measurement period.²
 - a. On or around January 9, 2025, OHA notified Northwest Medical Homes that they had sufficient attributed patient volume to be subject to the cost growth target program for the 2022-2023 cost growth period.

¹ The cost growth target value for 2021-2025 was established by the Cost Growth Target Implementation Committee, as documented in their January 2021 Recommendations Report.

² Provider inclusion criteria were established by the Cost Growth Target Implementation Committee, as documented in their January 2021 Recommendations Report.

<https://www.oregon.gov/oha/HPA/HP/HCCGBDocs/Cost%20Growth%20Target%20Committee%20Recommendations%20Report%20FINAL%2001.25.21.pdf>. OHA publishes the list of provider organizations that meet inclusion criteria every year.

- b. On or around January 24, 2025, OHA generated a data output summary and shared it with Northwest Medical Homes on or around February 5, 2025.
 - c. During OHA's CGT-1 data validation with provider organizations in Spring 2025, several questions arose about the payer submitted CGT-1 data that led to Providence resubmitting their final and accepted data on or around March 14, 2025 and United Health resubmitting their final and accepted data on or around June 24, 2025.
 - d. On or around July 1, 2025, OHA shared an updated version of Northwest Medical Homes's cost growth target data, following resubmissions of 2022-2023 cost growth target data by several cost growth target payers.
 - e. OHA held a data validation meeting with Northwest Medical Homes on July 22, 2025 to review data output for the 2024 data cycle and discuss and resolve any data validation concerns.
 - f. OHA completed CGT-1 data validation with Northwest Medical Homes on or around July 22, 2025.
- 3. In addition to collecting and reporting on Northwest Medical Homes's cost growth, per OAR 409-065-0028, OHA notified Northwest Medical Homes on or around July 31, 2024 that it was required to submit a CGT-4 Frontline Workforce data template, with a due date of December 6, 2024.
 - a. Northwest Medical Homes submitted its CGT-4 Frontline Workforce data template on or around December 6, 2025.
 - b. On or around December 16, 2025, OHA completed validation of Northwest Medical Homes's CGT-4 frontline workforce data submission.
- 4. OHA identified Northwest Medical Homes as having cost growth over the target between calendar years 2022 and 2023 for the following market: **Medicaid, 6.0%**.
- 5. Per OAR 409-065-0035(3), on or around July 30, 2025, OHA notified Northwest Medical Homes that:

- a. it had exceeded the cost growth target for the 2022-2023 measurement period; and
- b. a determination of reasonableness process for the Medicaid market was not required following an initial review of cost growth target data and other available information.

Findings of Determining Reasonableness Process

1. **Increased performance incentive payments for quality care provision.** During this period, the amount of non-claims performance incentives received by Northwest Medical Homes increased. This cost category fluctuates from year to year based on a number of different factors, including how well patient care is managed, provider organization performance on quality metrics, and how much patient care ends up costing relative to projections incorporated into shared risk/shared savings contractual terms agreed upon with the payer. Relative to 2022, Northwest Medical Homes received more performance incentives in 2023.

PROPOSED DETERMINATION

1. Following a review of CGT data and additional information on health care spending, OHA has determined that Northwest Medical Homes's health care cost growth for Medicaid from 2022-2023 was **due to acceptable reason(s)**. Northwest Medical Homes will not be held accountable for cost growth in this measurement period and no further action is required for this measurement period. Attached as Exhibit A, and incorporated herein by reference, is a running summary of Northwest Medical Home's cost growth performance over time.
