Charity Care per GL			
total			

NOTE: The remaining costs are funded by operations of WVH.

The above table shows the uncompensated and undercompensated services provided by Willamette Vital Health, community donations, and restricted grants and donations in 2022, 2023 and 2024. Community donations and restricted grants and donations do not equal the cost of uncompensated and undercompensated care. This difference is made up by WVH's operating income.
