**RE: Request for Information – 075 Align – Heritage**

Dear Ms. Bartelmann,

We are in receipt of your letter dated May 8, 2026, containing a single Request for Information relating to the Notice of Material Change Transaction, dated April 9, 2026, submitted by Align Capital Partners (“Align”) and Heritage Imaging LLC (“Heritage Imaging”). We have responded to your request for additional information below.

**1. Please describe in detail any future plans to operate Heritage Systems Services or similar services in Oregon.**

As specified in our prior response, “Heritage System Services” is a decommissioned tradename (i.e., “DBA” name) of Heritage Imaging. “Heritage System Services” is not a separate entity, and it is not a separate line of business of Heritage Imaging. It is a defunct and unused DBA name; nothing more. Heritage Imaging does not operate under the name “Heritage Systems Services” in any state. At this time, Heritage Imaging has no future plans to operate “Heritage Systems Services” or provide similar services in Oregon.
