

Staffing and Service Volume

Instructions: Please provide the data requested below in the blue cells. Provide data that captures the most recent 12 month period available. Use the Notes cells to provide information needed to understand the locations, staffing, and volume details of the services provided in Oregon. Please contact hcmo.info@oha.oregon.gov with questions.

Entity Name	United Seating and Mobility, L.L.C. dba NuMotion
12-month reporting period start date	08/01/2025
12-month reporting period end date	07/31/2026

Staffing		
For FTE/employees in Oregon, count only employees working in Oregon. For FTE/employees overall, include all employees, both in and outside of Oregon.		
Staffing as of 9/17/26 9:00am CT	Clinical FTE (must be a numeric value)	Non-Clinical FTE (must be a numeric value)
FTE in Oregon	0	72
Overall FTE	0	3025.81
Number of employees in Oregon	0	72
Number of employees overall	0	3028

Number of unique people served in Oregon	
Include all patients served at locations within Oregon. For at-home care or mail-order services, include patients if they reside in Oregon. If service types have not been pre-populated by OHA, please enter the service types that best represent the breadth of specialties and service lines offered by the entity. If some service types are prepopulated but new service lines have been added, please add rows as needed. If a prepopulated service type is no longer offered or is not relevant, please enter '0' in the quantity field for that row and note why no services of this type were rendered during the time period. Examples may include, but are not limited to: inpatient, outpatient, home health, hospice, primary care, physical therapy, mental health, surgery, pharmacy/prescription, insurance coverage, etc.	
Date	between 08/01/2025 and 07/31/2026
Type of service (insert rows as needed for additional service types)	Quantity (must be a numeric value)
Total people served in Oregon (across all service types)	Between August 1, 2025 and July 31, 2026, United Seating and Mobility, L.L.C./b/a Numotion served 6,021 individuals in the state of Oregon across all service types.
Complex Power Wheelchair (PWC)	754
Complex Manual Wheelchair (MWC)	949

Standard Power Wheelchair (PWC)	521
Standard Manual Wheelchair (MWC)	165
Modifications/Parts	3,940
Ancillary Equipment	583
Unclassified	150

Services rendered to people in Oregon

Include all services rendered to all patients served at locations within Oregon. For at-home care or mail-order services, include services to all patients who reside in Oregon. If a unit of measurement has not been listed by OHA staff, please use the unit(s) that best capture how the entity measures service provision. For example: members, admissions, visits, surgeries, days, patients, prescriptions, beds, exams, etc.

Date		between 08/01/2025 and 07/31/2026
Type of service (Please use same types of service as listed above. Insert rows as needed for additional service types)	Measurement unit	Quantity (must be a numeric value)
Complex Power Wheelchair (PWC)	Orders	757
Complex Manual Wheelchair (MWC)	Orders	953
Standard Power Wheelchair (PWC)	Orders	528
Standard Manual Wheelchair (MWC)	Orders	166
Modifications/Parts	Orders	7,488
Ancillary Equipment	Orders	708
Unclassified	Orders	158

Notes for OHA (optional):

The quantities in the service type table represent distinct customers served within each service category during the reporting period. Because a single customer may receive services across multiple categories (for example, a customer who received a new complex power wheelchair and subsequently received modifications or repairs), the sum of per-category quantities exceeds the 6,021 unduplicated total reported above. The 6,021 figure represents the total number of unique individuals served across all service types.
