Exhibit 10(f)(iii)

Edgepark's diabetes offering includes the products below. However, more than [redacted] of diabetes revenue for ADS and Edgepark comes from continuous glucose monitors (CGMs) and associated supplies, which are predominantly manufactured by Dexcom and Abbott. There is no Edgepark, ADS, or Cardinal Health CGM manufacturing or private label presence. Further, the transaction does not involve the manufacturing of other diabetes supplies, such as insulin, insulin pumps, test strips, insulin vials, insulin pens, finger-prick testing supplies. While Cardinal Health separately manufactures Cardinal Health-branded lancets, these represent 0.01% of Edgepark's revenue.
