Through the **Health Care Market Oversight (HCMO)** program, OHA reviews proposed health care business deals to make sure they support statewide goals related to cost, equity, access, and quality.

HCMO aims to..

Promote transparency

Support statewide priorities

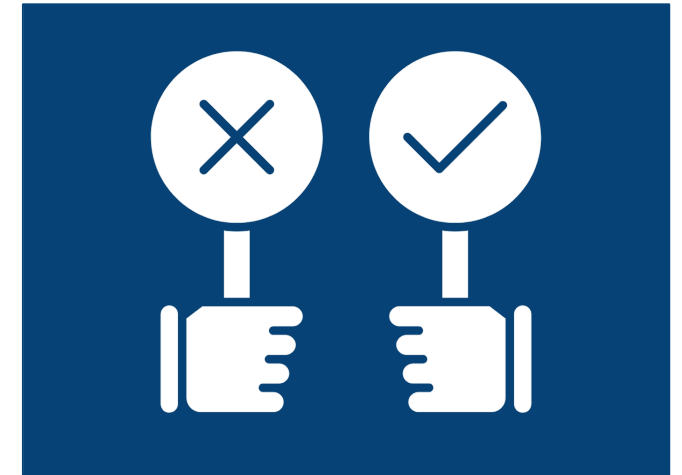

Monitor and study impacts

What authority does OHA have?

For each proposed deal that is reviewable, OHA may:

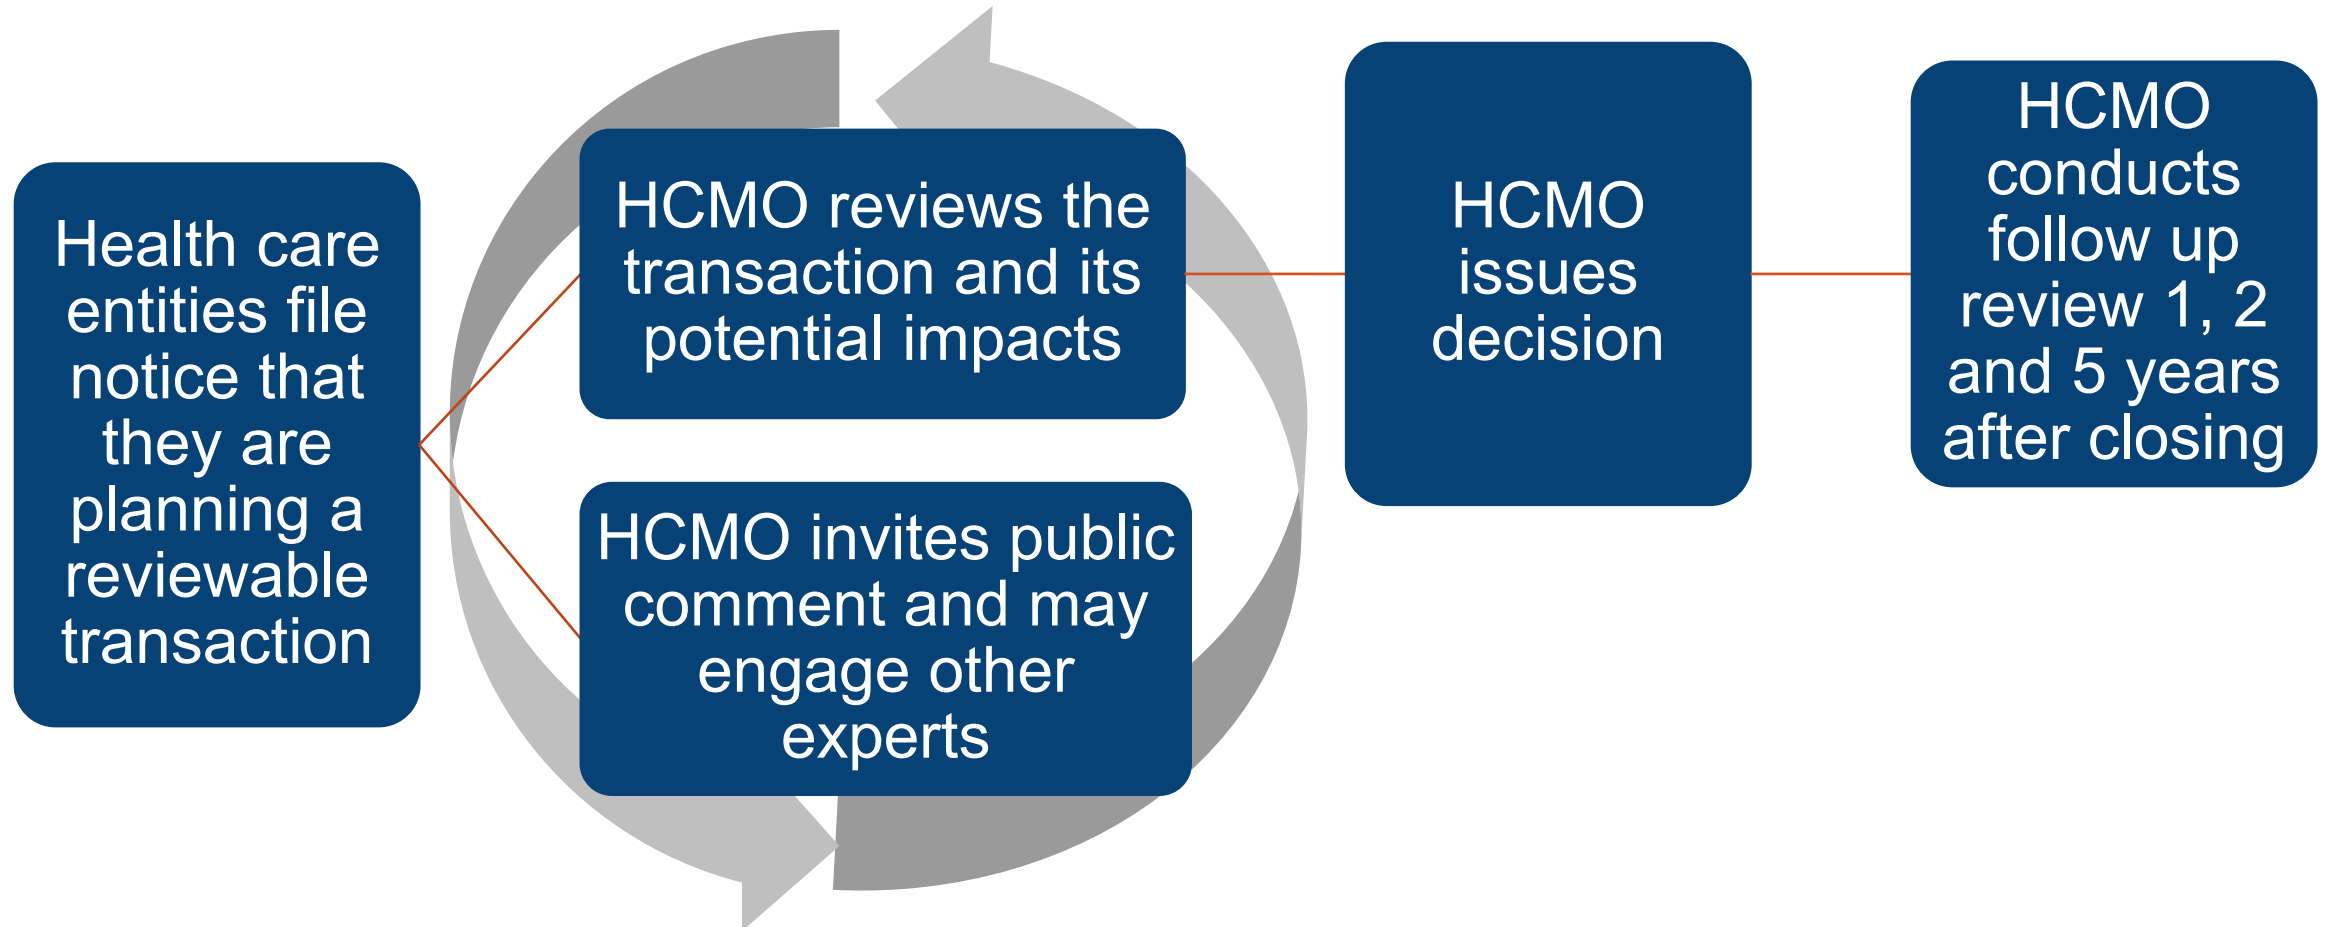

- Approve
- Approve with conditions
- Disapprove

For deals that involve a domestic health insurer, OHA provides a recommendation to the Division of Consumer and Business Services, who makes the final decision.
