## Metrics and Reporting Parameters for 2019 Performance

This document is intended as a resource for Oregon stakeholders who are interested in electronic clinical quality measures (eCQMs). It provides a visual guide to measure set alignment, as well as detail on reporting parameters for eCQMs used in calendar year 2019 reporting for:

- Oregon's Medicaid Electronic Health Record (EHR) Incentive Program, also referred to as Meaningful Use or the Promoting Interoperability Program
- Oregon's Coordinated Care Organization (CCOs) Quality Incentive measures
- The Centers for Medicare & Medicaid Services (CMS) Merit-based Incentive Payment System, which is one track of CMS's Quality Payment Program (QPP)
- Comprehensive Primary Care Plus (CPC+)
