
Clinical Quality Metrics Registry (CQMR) Subject Matter Expert Workgroup

July 10, 2019

Agenda

- Welcome and agenda review
- Follow-up on legal agreements
- Pilot testing
- Wrap-up and next steps

Legal Agreements – Terms of Service

Question from last meeting: Will users need to sign new Terms of Service agreements with Velatura?

- Under expiring Peraton subcontract with Velatura LLC (an entity controlled by MiHIN), MiHIN managed software instance for CQMR service application for OHA; Participants entered into Terms of Service with MiHIN associated with that relationship
- Going forward, MiHIN will continue to manage the software instance for CQMR service application for OHA
- No impact to Participants. Only the contracting entity with OHA will be Velatura Public Benefit Corporation (another entity controlled by MiHIN).

Pilot Testing on CCO Reporting

Meeting Logistics

- Before testing:
