

**INSTRUCTIONS FOR PUBLIC INVOLVEMENT**  
**Standards Advisory Committee Meetings**

**Overview**

The Patient-Centered Primary Care Home (PCPCH) Program convenes a **Standards Advisory Committee** every few years to discuss potential changes, additions, and improvements to the current standards and overall model. The 2019 committee has been selected and can be viewed on the roster available at the [PCPCH Standards Advisory Committee](#) webpage. This page also contains the meeting topics, dates, and materials (which will be made available at least one week before each meeting).

The 2019 Standards Advisory Committee meetings are open to the public. Interested parties may either attend the meeting in person or call-in to listen to the discussion. Commentary or feedback for committee consideration can be provided verbally in-person or in writing either before or after each meeting. The committee will not be accepting verbal public comment from interested parties who call-in to the meetings.
