

# Care Coordination & Intensive Care Coordination (CC/ICC) 2022 Learning Collaborative Series

*The Oregon Health Authority (OHA) Transformation Center is hosting a monthly virtual learning collaborative to support Coordinated Care Organizations (CCOs) and other organizations that provide care coordination services to Oregon Health Plan (OHP) members. The year-long learning collaborative will provide support toward understanding and meeting CCO 2.0 care coordination requirements and facilitate sharing of CC/ICC best practices for advancing equity, improving health outcomes, and achieving the goals of Oregon's CCO model.*

**Date** July 21, 2022  
**Time** Noon – 2:00 PM  
**Location** Virtual, over [Zoom](#)

## Session Learning Objectives

- Collective Platform
  - Summarize parameters and goals of the platform
  - Describe ways CCOs are currently using the platform
  - Develop strategies for increasing and improving use of the platform
- Care Coordination Activities Report
  - Identify updates and improvements made to the report template
  - Discuss questions, recommendations, and any other report areas needing clarification
- Children's Health Complexity Data
  - Provide overview of data, its purpose, and 2021 findings
  - Learn from CCOs about how data set is currently being used
  - Collect recommendations on data needed to better serve children

---
