

## **Primary Care Payment Reform Collaborative: Open Recruitment for Two Consumer Seats**

### **Overview**

The [Primary Care Payment Reform Collaborative \(PCPRC\)](#) advises to the Oregon Health Authority (OHA) on how to:

- Improve the ways primary care clinics are reimbursed
- Invest in primary care without increasing costs

The group is led by the [OHA Transformation Center](#) and meets four times per year. Participants include staff from CCOs, commercial health plans, health associations, as well as health care providers. The Transformation Center believes strongly in giving voice to consumers and is looking to fill two consumer seats on the collaborative for this purpose.

### **Responsibilities**

1. From a consumer/patient perspective, provide feedback to the collaborative about its recommendations.
2. Feedback can be provided at meetings (currently held via Zoom), in writing or over the phone to OHA staff.

### **Travel Support**

When in-person meetings become an option again, the Transformation Center can reimburse consumers to cover the costs of travel to any meeting.

### **Application**

Interested consumers should contact Summer Boslaugh ([summer.h.boslaugh@dhsosha.state.or.us](mailto:summer.h.boslaugh@dhsosha.state.or.us), 503-753-9688) to express interest in joining the collaborative.
