# Select breakout session topics

1. Expand network of contracted providers capable of delivering social-emotional health intervention/treatment services (seeking out and contracting with new providers, including community-based providers)
2. Workforce development to improve the skills of current/existing providers (e.g. behavioral health, early learning)
3. Increase social-emotional screening of young children in covered settings
4. Communication campaign to educate the public on the need, capacity, and ease of use of child-focused behavioral health services
5. Address access barriers for families
6. Improve care coordination for families (including navigating social-emotional health services and improving referral pathways)

# CCO breakout session

- Discuss the following questions:
  - What do you, as a CCO, have in your action plan related to the breakout room topic? What have you done (or are planning to do) to implement your plan? What partners are you working with?
  - What has gone well? Why did it go well?
  - What challenges have you experienced, or what challenges do you anticipate? Why have you experienced those challenges?
  - What are the next steps or actions to take? What more support do you need for metric implementation related to this action plan strategy/topic?
- Report back to the larger group at the end of the breakout session

# Thank You
