			558,783	558,783		

*Note - SHARE Initiative dollars must be segregated for SHARE Initiative spending only. SHARE dollars may not be spent on:
Medicaid-covered services (a CCO may not count expenses that are factored into its global budget);

• Expenses that have been reported separately, such as health-related services (a CCO may not double-count spending);

• General administrative costs that are not directly related to a SDOH-E and/or health disparities related initiative;

• General administrative costs that are otherwise necessary for the regular business operations of the CCO and compliance with federal/state requirements (for example, providing interpreters), including any staffing required by contract (for example, traditional health worker liaison);

Sponsorships/advertising;

- Equipment or services to address an identified medical need (for example, corrective lenses, specialized clothing);
- Member incentives (for example, gift cards for accessing preventive services);
- Costs for SDOH-E related research where findings are only used internally, only by another private entity, or are proprietary;

• Educational or promotional items or goods for the purpose of general distribution through a health fair or other event not

targeted at populations experiencing health disparities;

Political campaign contributions; or

• Advocacy specific to CCO operations and financing (as opposed to advocacy for policy that advances SDOH-E objectives).
