Evaluation criteria for this worksheet: Response required for each highlighted cell. Non-response in a highlighted cell will not be approved.

Brief description of the five largest models, defined by dollars spent and VBPs implemented (e.g. condition-specific (asthma) population-based payment)	Most advanced LAN category in the VBP model (4 > 3 > 2C) Note: For models listed at a LAN category 3B or higher, please list the risk sharing rate.	Percentage of payments made through this model at the highest indicated LAN category	Additional LAN categories within arrangement	Total dollars involved in this arrangement	Quality metric(s)	Brief description of providers & services involved	Please describe if and how these models take into account: - racial and ethnic disparities; & - individuals with complex health care needs
Integrated Delivery Systems	4C	100%	N/A	\$ 882,930,991	15	Kaiser Permanente, Providence Health Assurance, OHSU Health, and Legacy/PacificSource all operate vertically integrated delivery systems and are a critical component of Health Share's primary care network	
CareOregon	4B	100%	See below	\$ 1,622,721,541	15		
Behavioral Health Case Rates and Capitation Subject to QIIP	4A	100%	N/A	\$97,578,147	3-5	Outpatient mental health and withdrawal management services with additional performance payments for clinical quality metrics. Various participating providers, including but not limited to LifeWorks Northwest, Cascadia Healthcare, and Central City Concern.	This model is meant to support members with complex behavioral health needs.
PCP Clinical Quality Improvement (PCPM QI)	2C	100%	N/A	\$16,135,522	5	All clinics that participate in the Primary Care Payment Model (PCPM) program are eligible for tiered performance payments for meeting or exceeding clinical quality metric targets.	Inadequate access to preventive care can contribute to persistent health disparities in pediatric and adult populations.
PCP Capitation	4A	100%	N/A	\$12,273,221	7	Capitation arrangement covers all primary care services, with quality measures tied to OHA and CCO incentive metrics. Participating providers include Virginia Garcia Memorial Health Center and Yakima Valley Farm Workers.	N/A
PCP Behavioral Health Integration (PCPM BHI)	2C	100%	N/A	\$5,659,080	2	All clinics that participate in the Primary Care Payment Model (PCPM) program are eligible for tiered performance payments for meeting or exceeding quality metrics related to behavioral health integration.	This model is meant to improve access to behavioral health providers in primary care settings and meet the complex behavioral and physical health needs of members.
PCP Equity Improvement (PCPM Equity)	2C	100%	N/A	\$2,483,225	2	All clinics that participate in the Primary Care Payment Model (PCPM) program are eligible for tiered performance payments for meeting or exceeding quality metrics related to equity improvement to decrease disparities.	The model supports access to culturally appropriate care for members with language access needs and health-related social needs.
Shared Accountability Model (SAM)	3A	100%	4A	Maximum potential payout: \$4,736,454 Estimated payout: \$0	2	8 FQHCs participate in SAM (total cost of care model). This model focuses on cost trends coupled with interventions to improve member engagement and health outcomes through a shared accountability model and collaborative learning.	This model encourages access to needed primary care for all members and access to primary care supports members with complex care needs.

**Required implementation of care delivery areas by January 2025:** Refer to Value-based Payment Technical Guide for CCOs at <https://www.oregon.gov/oha/HPA/dsi-tc/Documents/VBP-Technical-Guide-for-CCOs.pdf> for more information on requirements.
