

OHA VBP PCPCH Data and CDA VBP Data Template - General Instructions

1. Required: Complete all yellow highlighted cells on the following worksheets:

"PCPCH"

"Model Descriptions"

"Hospital CDA VBP Data"

"Maternity CDA VBP Data"

"Behavioral Health CDA VBP Data"

Required: Complete all yellow highlighted cells on one of the following worksheets. The other worksheet is optional: "Children's Health CDA VBP Data" "Oral Health CDA VBP Data"

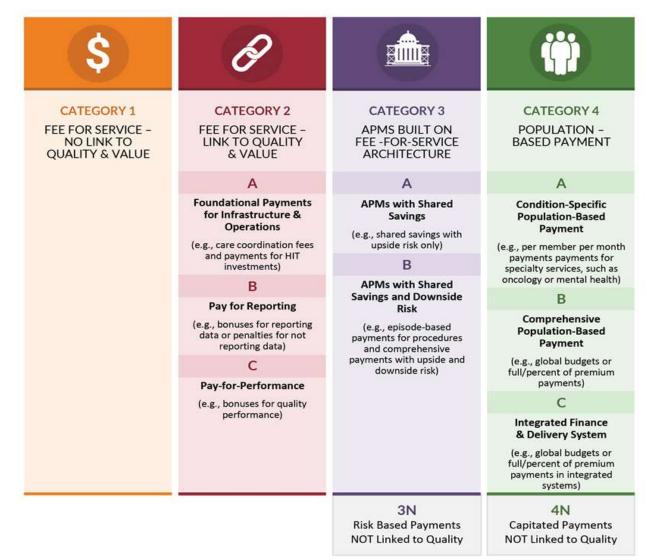

2. For payments that span multiple HCP-LAN categories, use the most advanced category. For example, if you have a contract that includes a shared savings arrangement with a pay-for-performance component – such as a quality incentive pool – then you should put the total value of the annual contract in Category 3A for shared savings because 3A (shared savings) is more advanced than 2C (pay-for-performance).

3. In addition to the HCP-LAN framework, Contractor shall use the VBP Roadmap for Coordinated Care Organizations and the OHA VBP Technical Guide for Coordinated Care Organizations for the VBP specifications and the appropriate LAN VBP category for each payment model, located at https://www.oregon.gov/oha/HPA/dsi-tc/Pages/Value-Based-Payment.aspx

5. The completed VBP PCPCH Data and CDA VBP Data Template must be submitted to the following email address: **OHA.VBP@odhsoha.oregon.gov** no later than May 5, 2023. It may not be submitted as a PDF document and must remain a Microsoft Excel spreadsheet. Please use the following naming convention when submitting the template: CCO + reporting year + title of template (e.g. CCOABC 2020 VBP PCPCH Data and CDA Template).

Enter the per-member-per-month (PMPM) dollar amount you paid clinics participating in the Patient Centered Primary Care Home (PCPCH) program. If the PMPMs vary for a given tier, you may enter a range. Otherwise, enter a single dollar amount. In the "Average PMPM" column, enter the average PMPM payment for each tier, weighted by enrollment. If you paid one "Tier 1' clinic \$5.50 PMPM and another "Tier 1' clinic \$10.00 PMPM, and the first clinic had three times the number of members attributed as compared to the second clinic, then the average weighted PMPM would be \$9.625. (\$9.50 x 0.75 + \$10.00 x 0.25 = \$9.625). The weighting may be calculated using number of members or number of members.

Evaluation criteria for this worksheet: Response required for each highlighted cell, even if there are no current clinics in your service area at that tier level. Non-response in a highlighted cell will not be approved.

Required implementation of care delivery areas by January 2023: In 2022, CCOs were required to implement three new or expanded CDA VBP arrangements from an existing contract (in hospital care, maternity care, and behavioral health care). In 2023 and 2024, CCOs are required to implement a new or expanded VBP at the beginning of each year in each of the remaining CDAs (children's health care and oral health care). VBP contracts in all the CDAs must be in place by the beginning of 2024. Refer to Value-based Payment Technical Guide for CCOs at https://www.oregon.gov/oha/HPA/dsi-tc/Documents/VBP-Technical-Guide-for-CCOs.pdf for more information on requirements.

Evaluation criteria for this worksheet: CCO must fill out a worksheet for either oral health or children's health. The remaining worksheet (for the remaining CDA) is optional.
