

OHA VBP PCPCH Data and CDA VBP Data Template - General Instructions

- 1. Complete all yellow highlighted cells on the following worksheets:
- "PCPCH"
- "Model Descriptions"
- "Hospital CDA VBP Data"
- "Maternity CDA VBP Data"
- "Behavioral Health CDA VBP Data"
- "Children's Health CDA VBP Data"
- "Oral Health CDA VBP Data"
- 2. For payments that span multiple HCP-LAN categories, use the most advanced category. For example, if you have a contract that includes a shared savings arrangement with a pay-for-performance component such as a quality incentive pool then you should put the total value of the annual contract in Category 3A for shared savings because 3A (shared savings) is more advanced than 2C (pay-for-performance).
- 3. In addition to the HCP-LAN framework, Contractor shall use the VBP Roadmap for Coordinated Care Organizations and the OHA VBP Technical Guide for Coordinated Care Organizations for the VBP specifications and the appropriate LAN VBP category for each payment model, located at https://www.oregon.gov/oha/HPA/dsi-tc/Pages/Value-Based-Payment.aspx
- 5. The completed template is due to OHA by May 2, 2025, via the Contract Deliverables portal located at https://oha-cco.powerappsportals.us/. The submitter must have an OHA account to access the portal. It may not be submitted as a PDF document and must remain a Microsoft Excel spreadsheet. Please use the following naming convention when submitting the template: CCO + reporting year + title of template (e.g. CCOABC 2025 VBP PCPCH Data and CDA Template).
