Project Deliverables:

- Increase the number of youth aged 5-11 participating in the Summer Blast Program
  - Provide an appropriate evidence-based program
  - Create formal agreements between Linfield College and George Fox University to include student internships for Summer Blast Program
  - Promote Summer Blast Program with elementary school staff in all districts throughout the county to gain student referrals
  - Recruit ten high school students from throughout the county as mentors to participate in the Summer Blast Program
  - Implement Summer Blast Program for six weeks during summer 2014
  - Assess all Summer Blast Participants for immunization status and primary care services
  - Provide mentoring services to 50% of all Summer Blast participants
  - Ensure that Summer Blast participants remain connected to needed services after participation in summer programming

- Implement Mental Health First Aid training with school districts, community groups and faith-based organizations in Yamhill County
  - Train at least one staff member from each school building
  - Train Yamhill County HHS staff who have direct client contact
  - Train all interested Yamhill CCO providers and their staff
  - Train all community and faith-based organizations who are interested
