M110 Program Overview

M110 - Overview

The purpose of the Drug Addiction Treatment and Recovery Act of 2020 is to make the health assessment, treatment and recovery services for drug addiction available to all those who need and want access to those services and to adopt a health approach to drug addiction by removing criminal penalties for low-level drug possession.

Grant Agreement Milestone Review

M110 Reporting Requirements

At this point, you have received your Measure 110 (M110) Welcome Packet that detailed your journey as an M110 Partner thus far. In an effort to provide additional guidance on the journey, we have summarized here what is needed from Behavioral Health Resource Network (BHRN) Partners in order to comply with the policy and procedures requirements. Operating an organization in alignment with the kinds of policies and procedures identified in the M110 rules will help to ensure equitable services are provided.

	<u>Policies & Procedures*</u>	<u>Programmatic*</u>	<u>Fiscal*</u>
Overview	The policies and procedures that are required can be found in Rule 944-001-0020 or within the Milestone Schedule in your Welcome Packet. They are included on next slide, for convenience.	Aggregated client data will be reported including sociodemographic data in compliance with REALD / SOGI**. Report will include measures of service area performance including number of clients denied, etc.	M110 funding recipients are required to report total cost data for each of their Budget Categories as well as each Service they provide. A template and more detailed instructions will be provided.
Reporting Timeline	Due <i>within 90 days from when the respective template is received by the BHRN Partner.</i>	Quarterly	Quarterly

* *Templates and TA incoming*

** *REALD / SOGI compliant data collection is required throughout the entire agreement term, however REALD / SOGI reporting is not a requirement at this time. Compliant reporting will be required in the future and more information will be forthcoming at that time*

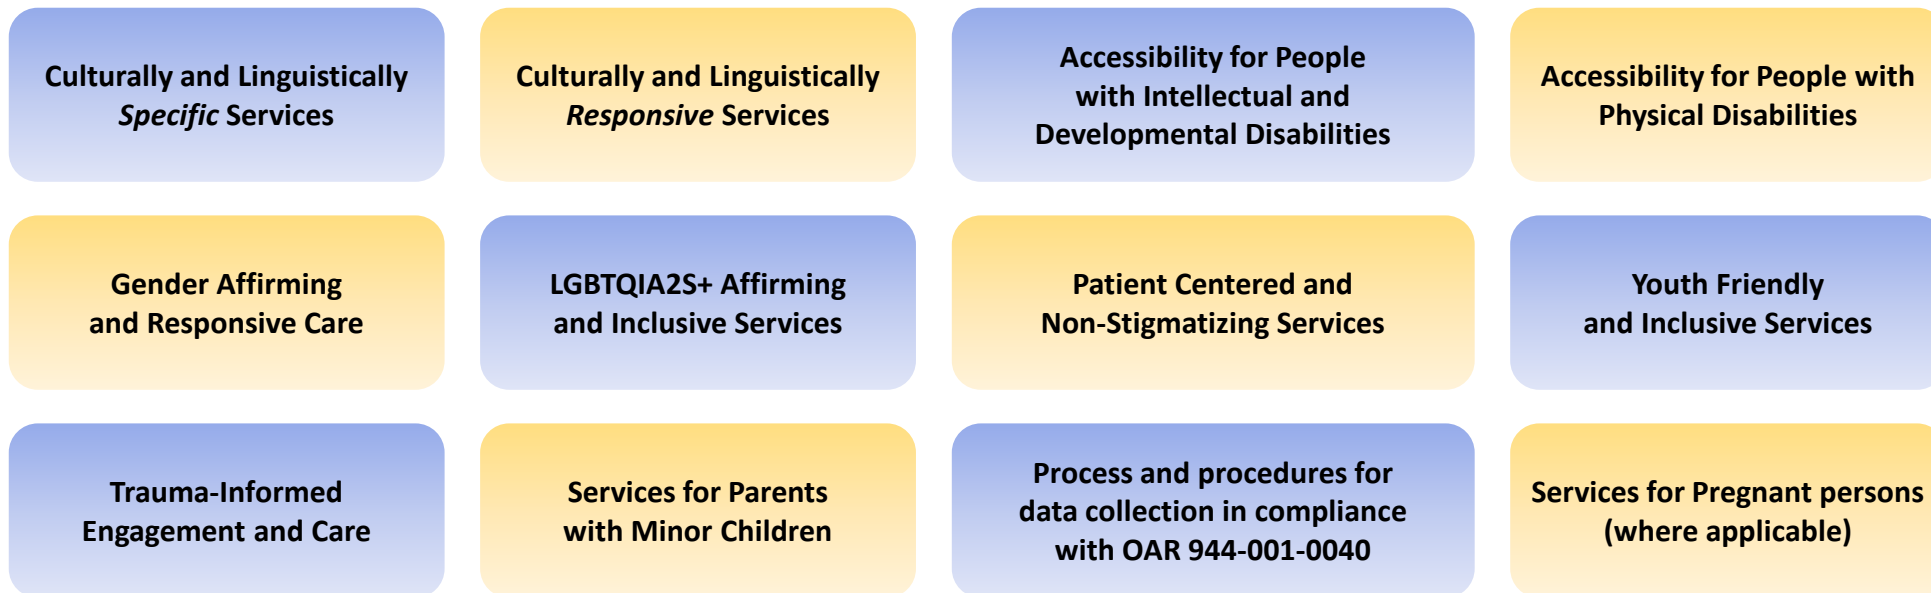

Reporting documents have a required retention period of 6 years

M110 Policies and Procedures

Each BHRN Partner must submit the required policies and procedures in order to be in compliance with the grant agreement and associated legislature for this measure, including [Ballot Measure 110](#), [Senate Bill 755](#), [Rule 944-001-0020](#), and [REALD and SOGI](#). These policies and procedures will be due 90 days after receiving a template and can be organizational specific.

If your organization does not have applicable policies and procedures in place, don't worry! In the coming weeks, the M110 Team will be providing guidelines/templates for your use as a starting point on your journey. These templates will include these following requirements:

We recognize some BHRN Partners may already have policies and procedures that align with this program requirement. If so, please feel free to submit your organization's policies and procedures to

OHA & REALD, SOGI Data Compliance

As an organization, Oregon Health Authority has increased opportunities that enable utilizing available Race, Ethnicity, Language, and Disability (REALD)¹ and Sexual Orientation and Gender Identity (SOGI)² data across programs to support community engagement and partnerships.

The Goal: To deliver services that are centered in equity for various M110 services.

1

Process, Policies, Standards, & Procedures

Working together across BHRNs to collect data correctly, consistently, and congruently

2

Organization, Roles, & Responsibilities

Delegation and brief training regarding all data collection efforts

3

Tools, Technology, & Data Governance

Using the right tools to securely collect and transfer data based on federal and state compliance

“Data justice supports communities using data to elevate their voice and reveal the systemic inequities they experience.”

-OHA

REALD SOGI compliance will be incorporated into the M110 program in a phased manner. We look forward to transitioning into this data collection and governance process.

1. OHA OEI, Race, Ethnicity, Language and Disability (REALD) Implementation; 2. OHA OEI, Using REALD and SOGI to identify and address health inequities; 3. HB3159 2021
