### What is System of Care?

System of Care is defined as a coordinated network of services and supports to youth and young adults that:

- Integrates planning and management across multiple levels of care
- Is culturally and linguistically responsive

- Is designed through meaningful partnerships with families and youth in the planning, delivery, management and evaluation of services and the development of policy
- Is supported by policy and governance at the local and state levels
- Is community based with relationships at the local level
- Is data driven
- Is rooted in System of Care philosophy
