

SOCAC acknowledges the harm and systemic oppression of historically marginalized groups at the hands of Oregon's governmental institutions and system partners.

These systems include education, child welfare, criminal justice, health and disability services, and other systems where an overrepresentation of marginalized populations exists.

Of particular concern are Black and brown families of historically marginalized communities, LGBTQ+ youth, and Tribal children and families.

Executive Committee Group agreements

Be present & participate to the best of your ability.

Treat others with respect: avoid interrupting and use the name/pronouns they prefer.

Avoid acronyms. Use the Chat to write definitions or ask for clarification

Varied and opposing ideas are welcome. Be curious when disagreement occurs.

Honor those with quieter voices. Lean in or lean back.

Avoid problem solving for individual situations. Connect offline if possible.

Focus on our purpose: Improving the System of Care for Oregon

Be mindful of the power dynamics in the room.

Do your best to avoid harming others. Be open to repairing harm you may cause.
