

When is a person a CCBHC consumer and their services covered by the Demonstration?

This guidance describes when a person becomes a CCBHC consumer and services are covered under the section 223 behavioral health demonstration. It was developed in light of the requirements that the CCBHC be paid the PPS rate whenever it delivers any of the nine demonstration services and that a clinic user must receive a preliminary screening and risk assessment to determine acuity of needs directly from the CCBHC (not the DCO) prior to or concurrent with the receipt of additional demonstration services. This requirement is found in sections 2.b.1 and 4.d.3 of the Criteria.

Service attribution affects: (1) when the CCBHC PPS rate is payable; (2) whether the CCBHC Certification Criteria apply; and (2) quality data reporting.

The following table details when a service may be attributed to this demonstration.

Situation	When is the Service Covered by the Demonstration and Eligible for PPS and Quality Measurement?*
A person receives non- crisis demonstration services from a CCBHC	If a <u>non-established/new consumer</u> receives non- crisis demonstration services for the first time from a CCBHC, the service IS covered for the first time upon preliminary screening and risk assessment (core services provided directly by CCBHC, criteria 4.d.1) to determine acuity of needs, with identifying and payment information gathered.
	If an <u>established/existing consumer</u> of a behavioral health clinic (BHC) receives any demonstration service from a CCBHC, the service IS covered upon receipt of the first service at a CCBHC once the BHC becomes a CCBHC.
A person receives crisis demonstration services from a CCBHC	If a <u>non-established/new consumer</u> of the CCBHC receives a crisis demonstration service provided directly by the CCBHC rather than by a state-sanctioned crisis service acting as a DCO, the crisis service IS a CCBHC covered service upon crisis assessment (which will include a screening and risk assessment).
	If a <u>non-established/new consumer</u> of the CCBHC receives crisis demonstration services provided by a state-sanctioned crisis service acting as a DCO, the crisis service IS a CCBHC covered service upon receipt of:
