9:10 – 9:30	Independent Consultant Update re: Visit August 2017	Cissie Bollinger	
<p>The next three reports will be reviewing different sections of the OPP. Independent Consultant Report 2 is in process, and will:</p> <ul style="list-style-type: none"> • Address Contracts and Oregon Administrative Rules 			

Independent Consultant Reports 3, 4, and 5 will (in each report):

- Assess compliance for a portion the 10 components of the OPP plus Section E, QI
 - The next report, #3, will address:
 - Oregon State Hospital
 - Assertive Community Treatment
 - Peer-Delivered Services
 - Supported Employment
- Provide a deeper dive into the data and issues/challenges

9:30 – 9:50	Implementation Plan Requirements and Strategies: Supported Employment	Mike Morris	 SE Requirements and Strategies 07.11.17.pc
-------------	---	-------------	---

- Reviewed Requirements and Strategies document for SE

The Individual Placement Support (IPS) program that was initiated in the metro area and then later expanded when it changed to Supported Employment (SE). The SE fidelity requirements are in line with the IPS model. In order to bill SE to Medicaid, you need to have met the fidelity requirements.

9:50 – 10:20	Implementation Plan Requirements and Strategies: Peer Delivered Services	Mike Morris	 PDS Requirements and Strategies 07.11.1
--------------	--	-------------	--

- Reviewed Requirements and Strategies document for PDS
- Discussed the details of PDS data and how it is captured.
 - OHA is using Medicaid data as a proxy for all PDS in Oregon.

Q: On the 7-day follow-up in the data report (row 23), the target and baseline is Is this for all of the year? This data is rolling, correct? Is it all of the data for the entire state? Re: CCO incentive metric will be hard to meet (79%).

A: It is for the prior twelve months ending that quarter. We need to look at it and get back to you, and is all the data for the entire state. I want to make sure the methodology is the same for the incentive metric as is for what we are reporting.

One thing it could be is the population. The people we are counting in the OPP are individuals with SPMI, which is a sub-population of what might be counted in CCO metrics.

BHC/OPP

Q: How do you hope the Behavioral Health Collaborative and the OPP would support each other?

A: Discussed some of the recommendations of the BHC and how those align/coordinate with the OPP. The BHC's recommendations are higher level; the OPP strategies will contribute to fulfilling the BHC recommendations.

ED

ED utilization could be increasing due to the fact that Portland police are taking more individuals to the hospital instead of jail. We will continue to analyze the data and report about this at the next meeting.

PDS

Q: Questions/Discussion regarding possible language for the CCO contract and capturing non-Medicaid data for PDS.

A: Thanks to advocacy from folks like Kevin, peer delivered services are in the forefront, and services that we are responsible for administering are a focus for the legislature. There is a lot of support moving forward. I encourage those interested to bring this information to the PDS Core Team coordinated by Shawn Clark in HSD. Cissie will also reach out to Shawn and provide context, and let her know there was a discussion in this meeting.

Investment Funding

OHA is doing some work internally and then we will be doing some work with partners on specifics. There was a 20.1 million dollars given to OHA from the legislature from tobacco tax revenue. Of that 20.1 million, 10-15 million dollars are to be used for crisis and supported housing in support of the OPP. We will keep this group apprised of the direction that goes and how we are being strategic with those dollars. We will need approximately 2.1 million according to the last calculation just to bring current subsidies up to where we can make them competitive enough to get them into apartments.

Civil Commitment Statutes

Discussion regarding Civil Commitment Statutes and workgroup chaired by Judge Wolke. Mike Morris and Cherryl Ramirez are both on this work group and will keep this group informed.
