Resilience Outcomes Analysis and Data Submission (ROADS)

Release Notes – Major Release 2.0

October 27, 2025 | Version 0.5

INTRODUCTION

Welcome to the latest release of the Oregon Resilience Outcomes Analysis and Data Submission (ROADS) system! We are excited to present this comprehensive set of release notes to provide you with a look at the new features, improvements, and fixes incorporated into this version. Our commitment to delivering a seamless and enhanced user experience is at the heart of every release, and this one is no exception.

In these release notes, you will find a detailed breakdown of the key changes, enhancements, and additions made to ROADS for Major Release (MR) 2.0. The list of features has been broken down into five categories: Behavioral Health Resource Network (BHRN), Mobile Crisis and Mental Health Crisis (MC/MHC), Electronic Data Interchange (EDI), Reporting, and Miscellaneous. Whether you are a long-time user or new to the system, these notes are designed to help you make the most of the latest version.

If you have any questions about these new changes or the ROADS system itself, please do not hesitate to contact ROADS@odhsoha.oregon.gov
