Tribal Consultation Requirements

The Oregon Health Authority (OHA) has regular quarterly meetings with the nine federally recognized Tribes, Urban Indian Programs and Indian Health Service (IHS) representatives. The agenda's are mainly driven by the Indian communities of Oregon, Urban Indian Programs and Indian Health Service (IHS) representatives and are constructed by requesting topic's to be discussed at the meeting. These meetings are referred to in Oregon as Senate Bill 770 in reference to the legislation authoring the meeting. The OHA may engage the tribal and urban program representatives outside of the meeting setting through correspondence in the event a policy change is needed more quickly than the next 770 meeting will support. Each Tribe and Indian Organization selects its representative to the meetings based on whom the Tribe or Indian Organization feels is best to represent their needs.

The Division discusses proposed State Plan Amendments, waiver proposals or amendments, demonstration project proposals or amendments, and rule-making that may have a direct impact on American Indians, Tribal entities and urban Indian programs or IHS in the SB 770 quarterly meetings.

Tribal Consultation Requirements (continued)

Impacts that are considered to have direct affects on Native Americans, Urban Indian programs or IHS are changes that would impact eligibility determinations, changes that reduce payment rates or changes in payment methodologies, reductions in covered services, changes in provider qualifications/requirements, and proposals for demonstrations or waivers.

Process:

Thirty (30) days prior to a State Plan submission to the Centers for Medicare and Medicaid Services (CMS), the Division distributes documents describing a proposed State Medicaid Plan Amendments (SPA). This is normally discussed in a scheduled quarterly SB 770 meeting. Approximately ten (10) days prior to the quarterly 770 meeting the Division distributes the agenda and documents describing a proposed SPA. This is distributed through the Tribal Liaison to the nine federally recognized Tribes, Tribal Urban Indian programs and Indian Health Service (IHS) representatives. The types of entities on the distribution list includes, but is not limited to:

- a. Oregon Tribal Governments (i.e. Tribal Executive Council, Tribal Business Council, etc.)
- b. Tribal Chairman or Chief or their designated representative(s)
- c. Tribal Health Clinic Executive Directors of Oregon's 638/FQHC providers
- d. IHS representatives
- e. Tribal Organizations established to represent IHS and Tribal health programs and such as the Northwest Portland Indian Health Board
- f. Urban Indian program(s) Executive Director(s) or designee(s)

In instances where a SPA would need to be submitted prior to a regularly scheduled '770' meeting the Division would utilize electronic mail or schedule conference calls.

Medical Assistance Program

State/Territory: OREGON

## SECTION 4 – GENERAL PROGRAM ADMINISTRATION

Citation(s)

4.5b Medicaid Recovery Audit Contractor program

Section 1902(a)(42)(b)(i) of the Act  The State has established a program under which it will contract with one or more recovery audit contractors (RACs) for the purpose of identifying underpayments and overpayments of Medicaid claims under the State plan and under any waiver of the State plan.

The State is seeking an exception to establishing such program for the following reasons:

Section 1902(a)(42)(B)(ii)(I) of the Act  The State/Medicaid agency has contracts of the type(s) listed in section 1902(a)(B)(ii)(I) of the Act. All contracts meet the requirements of the statute. RACs are consistent with the statute.

The State is requesting an exception to 42 CFR § 455.508(f) so that the Medicaid RAC will be allowed to review claims that are up to seven years old, with the start date being the date the claim was submitted to the State or one of its agents. This exception is required for the following reasons:

- Claim specific detail may be present documenting an overpayment exists for periods beyond the three years specified in Section 42 CFR 455.508(f);
- A look back period longer than three years is more consistent with OHA Medicaid provider record retention requirements.

There is no time limits on the look back period when fraud is involved.

Place a check mark to provide assurances of the following:

- The State will make payments to the RAC(s) only from amounts recovered.
- The State will make payments to the RAC(s) on a contingent basis for collecting overpayments.

Section 1902(a)(42)(B)(ii)(II)(aa) of the Act The following payment methodology shall be used to determine State payments to Medicaid RACs for identification and recovery of overpayments (e.g., the percentage of the contingency fee):

The State attests that the contingency fee rate paid to the Medicaid RAC will not exceed the highest rate paid to Medicare RACs, as published in the Federal Register.

(a) Liens

— The State imposes liens against an individual's real property on account of medical assistance paid or to be paid.

The State complies with the requirements of section 1917(a) of the Act and regulations at 42 CFR 433.36(c)-(g) with respect to any lien imposed against the property of any individual prior to his or her death on account of medical assistance paid or to be paid on his or her behalf.

— The State imposes liens on real property on account of benefits incorrectly paid.

The procedures by the State for determining that an institutionalized individual cannot reasonably be expected to be discharged are specified in Attachment 4.17-A. (b) Adjustments or Recoveries

The State complies with the requirements of section 1917(b) of the Act and regulations at 42 CFR 433.36(h)-(i).

Adjustments or recoveries for Medicaid claims correctly paid are as follows:

(1) For permanently institutionalized individuals, adjustments or recoveries are made from the individual's estate or upon sale of the property subject to a lien imposed because of medical assistance paid on behalf of the individual for services provided in a nursing facility, ICF/MR, or other medical institution.

— Adjustments or recoveries are made for all other medical assistance paid on behalf of the individual.

(2) — The State determines "permanent institutional status" of individuals under the age of 55 other than those with respect to whom it imposes liens on real property under ' 1917(a)(1)(B) (even if it does not impose those liens).

(3) For any individual who received medical assistance at age 55 or older, adjustments or recoveries of payments are made from the individual's estate for nursing facility services, home and community-based services, and related hospital and prescription drug services.

X In addition to adjustment or recovery of payments for services listed above, payments are adjusted or recovered for other services under the State plan as listed below:

During the time an individual was receiving nursing facility services or home and community-based services the State recovers all approved services, except for Medicare cost sharing identified at 4.17(b)(3)(i) & (ii).

## (3) (Continued)

(i) Medical assistance for Medicare cost sharing is protected from estate recovery for the following categories of dual eligibles: QMB, SLMB, QI, QDWI, QMB+, SLMB+. This protection extends to medical assistance for four Medicare cost sharing benefits: (Part A and B premiums, deductibles, coinsurance, co-payments) with dates of service on or after January 1, 2010. The date of service for deductibles, coinsurance, and co-payments is the date the request for payment is received by the State Medicaid Agency. The date of service for premiums is the date the State Medicaid Agency paid the premium.

(ii) In addition to being a qualified dual eligible the individual must also be age 55 or over. The above protection from estate recovery for Medicare cost sharing benefits (premiums, deductibles, coinsurance, co-payments) applies to approved mandatory (i.e., nursing facility, home and community-based services, and related prescription drugs and hospital services) as well as optional Medicaid services identified in the State plan, which are applicable to the categories of duals referenced above.

- (a) The Medicaid agency meets the requirements of 42 CFR Part 447, Subpart C, and sections 1902(a)(13) and 1923 of the Act with respect to payment for inpatient hospital services.

ATTACHMENT 4.19-A describes the methods and standards used to determine rates for payment for inpatient hospital services.

\_\_\_ Inappropriate level of care days are covered and are paid under the State plan at lower rates than other inpatient hospital services, reflecting the level of care actually received, in a manner consistent with section 1861(v)(1)(G) of the Act.

\*X Inappropriate level of care days are not covered.

\*Under the state's DRG-based reimbursement system, hospitals are paid a prospectively determined rate, which is set in consideration of the costs incurred in appropriately treating patients in that DRG. If a hospital keeps a patient more days than are medically necessary, the hospital will not receive any additional reimbursement.

Inappropriate level of care days occurring in small rural hospitals in the state which are not paid under the DRG system, are identified by our post-payment utilization review program (contracted to the P.R.O.). Payments associated with such days are recovered by the Medicaid agency.

4.42 Employee Education About False Claims Recoveries

1902(a)(68) of  
the Act,  
P.L. 109-171  
(section 6032)

- (a) The Medicaid agency meets the requirements regarding establishment of policies and procedures for the education of employees of entities covered by section 1902(a)(68) of the Social Security Act (the Act) regarding false claims recoveries and methodologies for oversight of entities' compliance with these requirements.

## (1) Definitions.

(A) An "entity" includes a governmental agency, organization, unit, corporation, partnership, or other business arrangement (including any Medicaid managed care organization, irrespective of the form of business structure or arrangement by which it exists), whether for-profit or not-for-profit, which receives or makes payments, under a State Plan approved under title XIX or under any waiver of such plan, totaling at least \$5,000,000 annually.

If an entity furnishes items or services at more than a single location or under more than one contractual or other payment arrangement, the provisions of section 1902(a)(68) apply if the aggregate payments to that entity meet the \$5,000,000 annual threshold. This applies whether the entity submits claims for payments using one or more provider identification or tax identification numbers.

A governmental component providing Medicaid health care items or services for which Medicaid payments are made would qualify as an "entity" (e.g., a state mental

health facility or school district providing school-based health services). A government agency which merely administers the Medicaid program, in whole or part (e.g., managing the claims processing system or determining beneficiary eligibility), is not, for these purposes, considered to be an entity.

An entity will have met the \$5,000,000 annual threshold as of January 1, 2007, if it received or made payments in that amount in Federal fiscal year 2006. Future determinations regarding an entity's responsibility stemming from the requirements of section 1902(a)(68) will be made by January 1 of each subsequent year, based upon the amount of payments an entity either received or made under the State Plan during the preceding Federal fiscal year.

(B) An "employee" includes any officer or employee of the entity.

(C) A "contractor" or "agent" includes any contractor, subcontractor, agent, or other person which or who, on behalf of the entity, furnishes, or otherwise authorizes the furnishing of, Medicaid health care items or services, performs billing or coding functions, or is involved in the monitoring of health care provided by the entity.

- (2) The entity must establish and disseminate written policies which must also be adopted by its contractors or agents. Written policies may be on paper or in electronic form, but must be readily available to all employees, contractors, or agents. The entity need not create an employee handbook if none already exists.
