**From:** Holly Heiberg, Medicaid Policy Director, Fee-for-Service Operations Director

**Date:** Jan. 14, 2025

**Subject:** Fee-for-service rate increase for AFH providers effective Jan. 1, 2025

---

Oregon Health Authority (OHA), working with Comagine Health, has updated fee-for-service reimbursement rates for AFH providers, effective Jan. 1, 2025. Comagine Health has entered the updated amounts into each individual's plan of care panel in the Medicaid Management Information System (MMIS). MMIS will send an updated rate letter to the individual and their provider.

The rate increase:

- Applies to AFH services rendered on or after Jan. 1, 2025.
- Applies to AFH rates for Comagine-assessed individuals living in AFHs licensed or certified through OHA or Oregon Department of Human Services.

## Why is this happening?

The increase reflects the 2023-2025 Collective Bargaining Agreement (CBA) between the Department of Administrative Services, on behalf of the state of Oregon and the Service Employees International Union Local 503, Oregon Public Employees Union: Appendix B of the CBA lists the rate updates for AFH providers.

## What should you do?

Bill for services provided at the rate identified in the approved rate letter and in Appendix B. B.1. Rate Table of the CBA. The rates from this table are at the end of

this memo. If the rates you received do not match the information on the rate table, please reach out to one of the options below.
