

# Memorandum

**To:** Certified Community Behavioral Health Clinics (CCBHCs)

**From:** Richelle Murray, Safety Net Policy Manager

**Date:** Sept. 18, 2025

**Subject:** Use of HH and HO modifiers on CCBHC claims

---

CCBHC providers may now use the HO and HH modifiers when billing for integrated behavioral health services, as defined within the CCBHC program, for Oregon Health Plan (OHP) members.

CCBHC providers **do not** need to be approved as Integrated Co-Occurring Disorders (ICD) providers to use these modifiers.

## What should you do?

Please use the HO and HH modifiers as appropriate when billing OHP for substance use disorder or mental health services. This ensures CCBHCs properly document integrated care as defined within CCBHC program.

## Questions?

If you have any questions about this memorandum, please email both Wassa Dos Reis at [wassa.dosreis@odhs.oregon.gov](mailto:wassa.dosreis@odhs.oregon.gov) and the CCBHC program at [CCBHC.Grant@odhsoha.oregon.gov](mailto:CCBHC.Grant@odhsoha.oregon.gov).
