Subject: Availability of templates and guidance documents for CCO deliverables

This communication is regarding the availability of templates and guidance documents for deliverables required by the coordinated care organization (CCO) 2.0 contracts effective October 1, 2019.

In some instances, the CCO contract specifies the date by which OHA will provide the report template and/or guidance document associated with a particular deliverable. In the event that the contract is silent in this respect, OHA will make its best efforts to provide the final version of the report template and/or guidance document at least 30 calendar days prior to the due date for the deliverable. If OHA is unable to provide them at least 30 days prior to the due date, then OHA will extend the due date in order to maintain the 30-day timeframe, unless this is not possible due to federal or state requirements beyond the control of OHA.
