Medicaid Programs

Subject: Submitting fee-for-service claims to receive the July 1, 2022 birth doula rate increase

The Oregon Health Authority (OHA) has updated its fee-for-service claim system to reflect the new Birth Doula rate increase effective July 1, 2022:

Code(s)	Description	Rate effective 7/1/2022
59400, 59510, 59610, 59610, 59618	Standard doula benefit with support at delivery	\$1,500.00
59899	Support visit (<i>up to two prenatal and two postpartum visits</i>)	\$215.00
59409, 59514, 59612, 59620	Partial doula services day of delivery only	\$645.00

The U9 modifier is still required for claims to process.

Why is this happening?

The Centers for Medicare & Medicaid Services approved the rate increase November 4, 2022.

What should you do?

To receive the rate increase for services provided on or after July 1, 2022:

- Submit any unbilled claims for reimbursement.
- Adjust previously submitted claims. To do this, log into the MMIS Provider Portal at <https://www.or-medicaid.gov> and search for the claim by ICN. When adjusting the claim, change the billed amount on each detail line to the new rate, and then click the adjust button.

To learn more about billing and adjusting claims, [visit the OHP Billing page](#).

Questions?

- **About fee-for-service reimbursement:** Please contact [Provider Services](#) (800-336-6016).
- **About the rate increases:** Please email [Medicaid Programs](#)
