Subject: Fee-for-service nursing facility rate changes effective July 1, 2024 ***UPDATED***

The Oregon Health Authority (OHA) has updated the fee-for-service payment rates for the nursing facility room and board services billed through the Hospice Services program. The rates are posted on the [Hospice Services rules and guidelines page](#).

Why is this happening?

The Oregon Department of Human Services increased the nursing facility room and board rates effective July 1, 2024.

What should you do?

When billing for nursing facility room and board:

- Bill for the approved rates.
- Enter the nursing facility's Oregon Medicaid provider number in the "Facility Number" field of all claims billed.

For routine home care (RHC) services: Use revenue code 651 only for RHC services provided during the first 60 days of a hospice election, and revenue code 650 for RHC services provided on day 61 or later of the hospice election.

- For a patient readmitted within 60 days of discharge, count prior hospice days to determine whether to bill at the higher or lower rate.
- For a patient readmitted more than 60 days after discharge, prior hospice days do not count. A new election to hospice will restart the 60-day window for billing at the higher rate.
- The 60 day count does not start over if the patient moves to a different hospice provider, unless there is more than 60 days' break in hospice services.

For services provided by a registered nurse or social worker in the last seven days of a hospice patient's life: Please continue to keep note of the services that meet service-intensity add-on (SIA) payment criteria. We will let you know when you can start billing OHA for SIA payments. System changes are being made so that OHA can pay.

Hospice rates

Effective October 1, 2023 – September 30, 2024. When billing for hospice services:

- In the Value Code field on institutional claims, enter “61” as the value code, followed by the CBSA code as a dollar amount (e.g., enter CBSA code 13460 as 13460.00).
