### Why is this happening?

The legislature provided OHA \$6.6 million to establish this program during the 2019-2021 biennium. OHA is pleased to begin work on this valuable program, which will strengthen community-based support for children and youth throughout Oregon. We want to hear from stakeholders across Oregon as we establish these services.

### What should you do?

Please join us for these webinars and share this information with others interested in this program. If you would like regular updates on IIBHT, as well as future webinars and events, please sign up to get [OHA Behavioral Health Updates](#).

### Questions?
