The Oregon Health Authority (OHA) will submit [Oregon's Medicaid Quality Strategy](#) to the Centers for Medicare & Medicaid Services (CMS) for approval on September 30, 2025.

Background

The Oregon Health Plan is our state's Medicaid program. It provides health care coverage for people from all walks of life. This includes working families, children, pregnant adults, single adults and seniors.

The Oregon Health Authority (OHA) creates a list of goals to help make the care Oregon Health Plan members get even better. That list of goals and the road map for how to reach them is called [Oregon's Medicaid Quality Strategy](#).

CMS asks states to update and submit quality strategies every three years. Oregon will submit its quality strategy on September 30, 2025.

More about the federal requirement

Under regulations at 42 CFR 438.340(a), CMS requires state Medicaid agencies to develop and maintain a quality strategy to assess and improve the quality of health care and services provided by managed care plans.

You can get this in other languages, large print, Braille or a format you prefer. You can also ask for an interpreter. This help is free. Please email the CCO Engagement & Collaboration team at CCOEngagementTeam@oha.oregon.gov or call 800-527-5772 (TTY 711).
