Memorandum

To: Substance use disorder (SUD) service providers

From: Jennifer Poore, Medicaid Behavioral Health Policy interim manager

Date: June 25, 2026

Subject: Clarification about billing for S0109 (Methadone, 5 mg) effective July 1, 2025

Eligible SUD providers can bill for methadone medication using code S0109, and methadone administration using code H0020. This applies to methadone dispensed on-site and for take-home doses on or after July 1, 2025.

Oregon Health Authority (OHA) has updated the [Medication-Assisted Treatment billing fact sheet](#) with this clarification.

What should you do?

Please bill for methadone medication and administration for all doses, including take-home doses. This helps track distribution of methadone medication.

Questions?

If you have any questions about this announcement, contact the SUD Medicaid team at sud.waiver@oha.oregon.gov.
