Subject: Increased fee-for-service dispensing fee, effective July 1, 2022

The Oregon Health Authority (OHA) is increasing reimbursement for CPT code 92340 (fit spectacles monofocal) to \$130.00. This increase becomes effective on July 1, 2022.

Why is this happening?

Once prescribed glasses, Oregon Health Plan members must often search for a provider who will fit and dispense them, sometimes across several counties. In researching this issue with several providers, we found that the rate was too low for this service.

What should you do?

Providers will not need to do anything. OHA will automatically process all claims for CPT code 92340 with a date of service on or after July 1, 2022, at the new rate.

Questions?
