

CCO Annual Language Self-Assessment: Meaningful Language Access to Culturally Responsive Health Care Services

Introduction

As required by OAR [410-141-3515](#)(12)(g)(A), each Coordinated Care Organization (CCO) must conduct an annual self-assessment on language services available in its organization to meet member needs. The CCO's responses to the self-assessment must be submitted to OHA through an online survey. Your responses will be analyzed to determine whether your CCO has met the following requirements:

- The intent of OAR 410-141-3515 12(g)(A)
- The [Health Equity Measure](#) requirements for **2021** CCO incentives which entail:
 - Answering all survey questions;
 - Passing the required questions for the 2021 measurement year; and
 - Meeting the minimum points required for the 2021 measurement year.

Completion of the online survey does not guarantee that your CCO has met the metric or intent of the administrative rules. OHA will evaluate your responses to determine whether the structures and workflows you attested to meet the required standards for providing consistent quality language access services to your members.

Questions are organized in four domains with point values for questions in each domain. In general, each statement is worth one point and some questions have multiple statements so worth more than one point. **Responses should be based on language services in place on the final day of the assessment year (December 31, 2021).**

The CCO Contracts Administrator will send the link for the online survey by December 15, 2021. **All online survey responses are due on January 17, 2022.** (Consistent with ORS 187.010(3), survey responses received on January 18, 2022, are considered timely.) Only online responses will be accepted; this PDF version of the survey is provided for reference only.

The self-assessment is designed to guide your CCO to progressively higher quality and a more robust infrastructure for providing language services to members.

Additional Information

OHA reserves the right to request additional or clarifying information to support responses provided through the online survey, including but not limited to further detail on language access plans, data collected, examples of policies, or translated materials.

This document is for reference only. The CCO must complete the self-assessment online. Contact the CCO Contracts Administrator for the link.

For questions about this survey or the CCO incentive metric, please contact metrics.questions@dhsoha.state.or.us.

Contact Information

The contact person is the one completing the survey and the first point of contact if OHA has any follow-up or clarifying questions about survey responses. If multiple individuals for the same CCO submit survey responses, OHA will follow-up with the CCO as to which of the respondents should be the primary contact.
