

Join the Oregon Health Authority's Non-Emergency Medical Transportation (NEMT) Technical Advisory Committee and help shape the future of Oregon Medicaid!

Your expertise and experience are vital in improving NEMT services for Oregon Health Plan (OHP) members. NEMT plays a crucial role in ensuring access to vital medical appointments, but challenges like late pick-ups and limited accessibility persist, impacting overall well-being and healthcare outcomes.

We are seeking a diverse group of 10-15 individuals, representing various perspectives such as OHP members, NEMT drivers or operators, clinical staff, care coordinators, medical providers, and administrative staff. Our commitment to equitable representation encompasses geographic, racial, ethnic, disability, and language diversity.

The TAC is planned to launch in September 2023, with an approximate one-year duration. As a committee member, you'll meet remotely, dedicating 2-4 hours per month. Applicants will need to have access to virtual meetings. Accommodation, including interpretation services and disability support, will be provided to ensure everyone's full participation.

Your insights will be invaluable as you **advise the Oregon Health Authority (OHA)** on effective policies and rules to improve the equity, timeliness, and accessibility of transportation services for OHP members.

Ready to make a difference? Apply now via the short application survey:

[NEMT TAC Application](#). For any questions, contact David Simnitt with DS Consulting at dsimnitt.dsc@gmail.com or 503-451-0008.

Application review begins on August 15, 2023, so don't miss this opportunity to contribute to a healthier and more inclusive Oregon Medicaid. Join us in shaping a better future for OHP members.
